

SDUHSD

Intradistrict Transfer

Guidelines

2009-2010

An Intradistrict Transfer is a student who resides within the SDUHSD boundaries and elects to attend another SDUHSD school outside his/her attendance area.

Earl Warren MS and Diegueño MS **will be accepting and approving** Intradistrict Transfers for the 2009-2010 school year, beginning March 1, 2009. Both schools have space available.

Carmel Valley MS will continue **NOT accepting** Intradistrict Transfers for the 2009-2010 school year. CVMS has not accepted Intradistrict Transfers since 2001. CVMS is at capacity.

SDUHSD **will be accepting** Intradistrict Transfer requests to Oak Crest Middle School beginning March 2, 2009, and will determine by August 17, 2009 whether space is available at OCMS for Intradistrict Transfers. This is to ensure that seats are available for those students who currently reside in the OCMS attendance area. SDUHSD **will approve** Intradistrict Transfers to OCMS if there are seats available. If more applicants apply for Intradistrict Transfer status at OCMS than seats are available, a random selection process will be conducted. In the meantime, all new Intradistrict Transfer applicants who apply for 2009-2010 at OCMS must register at their attendance area middle school (i.e., Diegueño).

Note: OCMS has reached capacity, due to an imbalance of intra-district requests to OCMS in recent years, in comparison to Diegueño Middle School.
