

**San Dieguito Union High School District
Honors Math Placement Acknowledgement Waiver
7th Grade**

By signing this waiver for an honors course placement, we the parents/guardians of

Student Last Name First Name (Please Print)

request placement in Honors Pre Algebra.

We have read the course descriptors and the student profiles. We acknowledge that our student has not met the recommended SDUHSD profile for placement in this class. We understand that if our student is placed in this honors course, he / she must follow the SDUHSD Board Policy, which allows a student to drop or change math course levels up to the end of the fourth week of school. That date for the 2009-10 school year is **September 25, 2009**. Even if a student would like to drop from Honors Pre Algebra, space may not be available. Having read and understood all of the above, we nonetheless request that our student be placed in this honors course.
