

INTRUDERS ON CAMPUS

The Superintendent or designee shall post at every entrance to each school and school grounds a notice setting forth school hours, visitor registration location and requirements, penalties for refusing to leave school grounds, and any other announcements required by the local law enforcement agency in order to pursue the arrest of persons found loitering or trespassing.

Immediately upon entering any school building or grounds when school is in session, any person who is not a student of the school or a district officer or employee shall report his/her presence and the reason for visiting the school to the principal or designee.

The principal or designee may refuse to register an individual if he or she has a reasonable basis for concluding that the person's presence or acts would disrupt the school, its students, its teachers, or its other employees; would result in damage to property; or would result in the distribution or use of unlawful or controlled substances.

The principal, designee, or school security officer may revoke an individual's registration if he or she has a reasonable basis for concluding that the person's presence would interfere or is interfering with the peaceful conduct of school activities, or would disrupt or is disrupting the school, its students, its teachers, or its other employees.

Any individual who fails to register within a reasonable time after entering the school grounds, who fails to leave upon request of the principal or designee, or who returns after leaving pursuant to such a request has committed an unlawful act and may be prosecuted according to law.

When asking an individual to leave school grounds, the principal or designee shall state that the outsider will be guilty of a crime if he/she reenters school premises within seven days.

If an individual refuses to leave upon request or returns within seven days, the principal or designee shall notify the police.

Action leading to the penalty of a fine, imprisonment or both may be taken against anyone whose conduct materially disrupts class work or extracurricular activities or causes a disturbance on school grounds.

Possession or unauthorized dangerous instruments, weapons or devices is prohibited on school premises, on any public right-of-way immediately adjacent to school property, or any other place where a teacher and student(s) are required to be in connection with assigned school activities.

APPEAL PROCEDURE

Any person the principal or designee asks to leave school grounds shall promptly comply. Any person who so complies may appeal to the Superintendent or principal by submitting a written request for a hearing. This request must be made within five days after the person's departure from school and must state why the request to depart was improper. The request also must provide an address to which a hearing notice may be sent. Upon receipt of the request for a hearing, the superintendent or principal shall mail a notice of the hearing to the person requesting it. The hearing shall be held within seven days after receipt of the request.

The decision of the superintendent or principal may be appealed to the Board of Trustees. The Board shall consider and decide the matter at the next regular public Board meeting for which it can be placed on the agenda. The Board's decision shall be final.
