

PHYSICAL EDUCATION AND ACTIVITY

The Governing Board recognizes the positive benefits of physical activity on student health and academic achievement. The district shall provide all students the opportunity to be physically active on a regular basis through high-quality physical education instruction and may provide additional opportunities for physical activity throughout the school day. The district's physical education and activity programs shall support the district's coordinated student wellness program and encourage students' lifelong fitness.

The district's physical education program shall provide a developmentally appropriate sequence of instruction aligned with the state's model content standards and curriculum framework. The Superintendent or designee shall ensure that the district's program provides students with equal opportunities for instruction and participation regardless of gender in accordance with law.

The Board shall approve the courses in grades 9-12 for which physical education credit may be granted.

The district's physical education program shall engage students in moderate to vigorous physical activity, as defined in the accompanying administrative regulation, for at least 50 percent of class or session time. The Superintendent or designee shall develop strategies to monitor the amount of moderate to vigorous physical activity that takes place in the physical education instructional program.

Students with disabilities shall be provided instruction in physical education in accordance with their individualized education program or Section 504 accommodation plan.

During air pollution episodes, extreme weather, or other inclement conditions, physical education staff shall make appropriate adjustments to the program or shall seek alternative indoor space to enable students to participate in active physical education.

STAFFING

Physical education instruction shall be delivered by appropriately credentialed teachers who may be assisted by instructional aides, paraprofessionals, and/or volunteers.

The district shall provide physical education teachers with continuing professional development, including classroom management and instructional strategies designed to keep students engaged and active and to enhance the quality of physical education instruction and assessment.
