

**USE OF OUTSIDE SPEAKERS**

In order to enhance the educational opportunity and experience available to the students of the San Dieguito Union High School District, the Board of Trustees approves and encourages the use of community people and resources for the purpose of instruction when related to the prescribed course of study and under the direct supervision of a certificated employee of the district.

Topics and speakers must be approved by the principal prior to involvement of students and contacting of speakers.

The provisions of the Education Code concerning prohibited instruction must be strictly enforced. Permission to use people or resources from the community in the classroom or on school property shall be secured in advance in accordance with administrative rules established by the Superintendent and approved by the Board of Trustees.
