FOR IMMEDIATE PRESS RELEASE

DATE: March 10, 2016

SUBJECT: SDUHSD HIGH SCHOOL SELECTION, 2016-17

The San Dieguito Union High School District (SDUHSD) High School Selection window closed on Monday, February 29th, 2016, and SDUHSD is very pleased to announce that no enrollment lottery will be necessary at any of the district's four high schools for the 2016-17 school year. All eligible students who participated in the SDUHSD High School Selection process will be offered enrollment at their first choice of school. This ensures that each eligible student has the opportunity to attend the high school that is the best fit for each student and family.

Each spring SDUHSD conducts a process referred to as High School Selection in which each incoming high school student is asked to select the high school they would like to attend. In the rare occasions that enrollment demand for a school exceeds available capacity, California law requires a random lottery to determine which students are offered enrollment. For the 2016-17 school year, each high school has sufficient capacity to accommodate enrollment projections developed after the close of the High School Selection process. Thanks to our Prop AA General Obligation Bond building program, SDUHSD will have additional high school enrollment capacity for the 2017-18 school year. We are extremely pleased with this outcome for all of our students.
