Dear Parent/Guardian:

It has come to my attention that your child may need to take medication during the school day. If this will be necessary, please sign the attached form, have your physician complete and sign where indicated, and return this form to the health office at your student's school. This form will be required for the administration of all medication.

This form and the child's medication may be delivered to school at the same time. To insure the safe administration of medication, the label on the medication must be identical to the dose prescribed on the form. Medication will not be accepted unless these items are identical.

Any future changes in medication must be accompanied by a new form and a new labeled container.

If you have any questions regarding this process, please contact the health technician at your student's school.

Thank you.

Sincerely,

Maryanne Dittman
District Nurse
