

ADAPTED PHYSICAL EDUCATION PEER TUTOR APPLICATION

The APE Peer Tutor program is currently being used in over 200 schools in the United States and Canada. The basic idea is the use of peer tutors to assess students with special-needs within the physical education environment. Our goal is to strive to meet the needs of students with challenges providing a fun and successful experience in A.P.E. Peer tutors suit up for active participation in physical activity and receive P.E. credit, which is necessary for graduation. Tutors gain self-satisfaction, personal growth, and a better understanding, as they become involved with the students and the program. Fitness testing, research paper, skill tests, and teaching an APE lesson are essential element of evaluation for all students enrolled in this course. Prerequisites: Teacher Recommendation.

NAME _____ GRADE _____

ADDRESS _____ PHONE _____

PARENT'S NAMES _____

Do you have any previous experience working with kids with disabilities? YES NO
