How to access Smarter Balanced scores for LAST YEAR'S students

This handout will show you how to access SBAC results for kids you taught LAST YEAR. This information is available for kids who are currently in grade 8, 9 and 12. We don't yet have access to performance data on our current 7th graders since they tested outside of our district last year.

Login to Illuminate by clicking on the Illuminate box on the Start Page.

On the Control Panel on the top right corner of the screen, set the date back to last year—maybe the last day of school.

REMEMBER to change this date back to today's date when you're done with the report!

A screenshot of the Illuminate Control Panel interface. The top right corner shows a "Control Panel" dropdown menu. A "Change Student Set" dialog box is open, featuring a "Close" button in the top right. The dialog has a light green background and contains the following fields: "Enrollment/Rostering Date:" with a date input field showing "12/04/2015" and a calendar icon; "Site:" with a dropdown menu showing "San Dieguito Union High"; and "Student Group:" with a dropdown menu showing "All Students". Below these fields are "Save Changes" and "Cancel" buttons. An orange arrow points to the date field. Below the dialog, there is an "OR" separator and a "Custom Filters: Off" section with a "Change" button. The background of the Control Panel shows "Login Information" for "SDUHSD TestAdmin" and various help and account management links.

At the top left, click “reports”, then “list reports.”
