School Description

Torrey Pines High School is committed to fostering an academic supportive school culture that promotes academic proficiency in state standards through rigorous and challenging courses, access to and achievement in Honors & Advanced Placement courses, continuous academic improvement via support and intervention, literacy across content areas, positive school spirit and connectivity, creative and academic use of technology, literate, forward-thinking citizens who listen, speak, and write effectively and critically, respect diversity and accept others in a safe learning environment, resolve conflicts peacefully and develop positive relationships, use technology and social media responsibly and effectively, employ innovative thought in assessing and solving real-life problems, actively involved participants who engage in a variety of service learning and extracurricular activities, collaborate, communicate, and engage within their community, think critically and solve problems creatively, demonstrate college and career readiness, and most importantly, achieve a healthy balance between academics, social relations, and personal commitments.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements (Most Recent Year)

Most of our campus buildings are over 30 years old, although two buildings were constructed in the last 10 years. Capital improvements enabled us to create a new dance/choral room, and a new staircase was built to help students access the campus easily and safely. As funds permit, we continue to add air-conditioning to the buildings that do not have it. A new drop-off and pick-up location was added to the north end of campus, and the senior parking lot was improved to make it safer. In addition, a parking lot was improved and a ramp was installed for students with disabilities. We invested in new stadium turf and track, and also replaced our main technology lab in B Building, and moved it to a more secure location. We permit junior and senior students to leave campus during lunch period, and many students attend off campus classes at local colleges and universities at midday, relieving some of the crowding on our grounds.

School Facility Good Repair Status (Most Recent Year) Year and month in which data were collected: 7/27/17

Overall Rating	Exemplary	Our school meets most or all of the standards for good repair, established by the Office of Public School Construction. If we have any deficiencies, they are not significant. We scored between 99 and 100 percent on the 15 categories of our evaluation.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	68.0	85.0	81.0	80.0	48.0	50.0
Math	56.0	70.0	71.0	72.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter

Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Grade Level	2017-18 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6

Students with Disabilities	44	37	84.09	48.65

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Parents are active members of our School Site Council, our English Learners Advisory Board, our our Safety Committee, our Social & Emotional Learning Collaborative (SEL), and other advisory committees. We welcome parent volunteers at Torrey Pines and depend on them to continue our standards of excellence. Under the guidance of the parent association, more than 150 parents volunteer for weekly assignments across the campus. Hundreds more help intermittently with special fund-raising events. Many of our programs would not be possible without the dedication and support of the Torrey Pines High School Foundation, which raises approximately \$1.6 million per year to enhance opportunities for students. Parents have the opportunity to hear regular updates about our school at the monthly Parent Volunteer Association meetings and the Coffee with the Principal meetings, where they have the opportunity to ask questions, make comments, and offer ideas.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Safety is our highest priority, and we take pride in our safe learning environment. Two campus supervisors and four administrators monitor the campus daily. We have security cameras installed, and we work closely with SDPD to monitor the campus and community. We have also trained our staff and students in "see something, say something" strategies. We review and revise the school safety plan annually. Staff members are trained in the emergency management system and practice simulated crisis situations throughout the year.

Suspensions and Expulsions

School	2015-16	2016-17	2017-18

Social Science	25.0	25.0	31.0	34	38	19	11	9	4	49	59	56

* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development provided for Teachers

At TPHS teachers engage in professional development during staff development days and Late Start days. Topics include enhancing student success through varied instructional strategies, sharing best practices, utilizing appropriate technology tools, and analyzing data to better inform instruction; providing opportunities to succeed for students who need additional support, such as English Learners; aligning curriculum within departments; and teaching the California Content Standards. Through our Professional Learning Community (PLC) process, our staff has also been working on using formative (lesson-based) assessments to determine student strengths and areas of need, and they have received training to use a variety of assessment tools. The majority of the teachers have taken advantage of professional development opportunities by attending seminars and workshops at local colleges and universities, as well as district and site-led training.

Types of Services Funded

The local control funding formula (LCFF) was enacted in 2013–14, and it replaced the previous kindergarten through grade 12 (K–12) finance system which had been in place for roughly 40 years. For school districts, the LCFF establishes base, supplemental, and concentration grants in place of the many previously existing K–12 funding streams and most of the 50-plus state categorical programs that existed at the time. LCFF provides all districts with per-student base grant funding that varies slightly depending on grade level. Additionally, all districts receive per student supplemental grant funding which adds 20% to the base grant funding for each English-language learner, low-income student and foster youth student enrolled. Finally, districts in which English-learners, low-income students and foster youth exceed 55% of the total enrollment receive additional concentration grant funding equal to 50% of the base grant funding. San Dieguito Union High School District (SDUHSD) is not eligible for concentration funding because its enrollment does not exceed the 55% threshold. By law, supplemental and concentration grant funds must be used to increase and improve programs and services for English-learners, low-income students and foster youth.

SDUHSD schools offer a broad course of study which includes; intervention courses, Advanced Placement (AP) and Honors courses, specialized programs for students who qualify for Special Education, Integrated and Designated English Language Development Programs for English Learners as well as CTE courses and pathways.

Additionally, SDUHSD schools offer services and supports for all students including; School Social Workers, READI program, School Counselors, School Psychologists, EL Lead Teachers, and Special Education Service Providers.

Career Technical Education Programs

Career Technical Education (CTE) in the SDUHSD is a program of study involving a sequence of courses within an industry pathway that integrates core academic knowledge with technical skills. CTE provides students with multiple pathways to college and careers. The career pathways are organized within 15 state-defined industry sectors, which have been identified as critical for the fiscal stability and prosperity of the State of California. Students complete a career pathway by (a) taking and passing two or more CTE courses in a single, defined pathway. Student internship opportunities are available within some of the advanced CTE courses. CTE courses at SDUHSD often fulfill the “a–g” subject-area requirements of the University of California and the California State University and may lead to community college credit, an industry-recognized credential, a certificate, or a degree at the postsecondary level.

Torrey Pines High School offers CTE courses in the following industry sectors: Arts, Media and Entertainment, Building and Construction, Engineering and Architecture, Business and Finance, Hospitality, Tourism and Recreation, Information and Communication Technologies, and transportation.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
