9. SUPERINTENDENT’S REPORTS, BRIEFINGS, LEGISLATIVE UPDATES.....RICK SCHMITT, SUPERINTENDENT
Superintendent Schmitt gave an update on school opening, celebrating facilities work completed over the summer which included SDHSA, OCMS TPHS, EW and PTMS, staffing and shout out to counselors and teachers balancing, fine tuning and accommodating student schedules. Mr. Schmitt reminded the Board that there will be a soft opening event at Pacific Trails MS on September 8th at 5:30 pm.
10. SAFETY & STUDENT SUPPORT UPDATE..... JASON VILORIA, ED.D., ASSOCIATE SUPERINTENDENT
PUBLIC COMMENTS – Cheryl Ward, whose daughter is attending PTMS, thanked the Board for a great district, and strongly opposes hiring school police on campus.
Dr. Viloria shared that updates will be presented focusing on school safety, effective and regular communication with students, families and staff, ongoing staff training, and school programs and partnerships with the community. ADL (Anti-Defamation League) training was held this morning and

Dr. Viloría shared a proclamation given by Representative Scott Peters, and shared a resource guide titled, "If we could end hatred, Imagine what more we could do...".

Tiffany Findell gave an update on the California Healthy Kids Survey and the READI program (as presented in the attached document) including major middle school and high school findings in Alcohol Tobacco Other Drugs (ATOD), lifetime use, connectedness, safety, and the effects of social media.

Judi Strang with the San Dieguito Alliance for Drug Free Youth (Alliance) who partners with the District gave a update on the programs and services offered by the Alliance including the Start Smart Teen Driving Program, Live 2 Graduate, Study Buddy Program, Teen Presenters, parent and community forums/parent support groups, Red Ribbon training, and the Hispanic Network, as well as information regarding MADD, and A Family Guide to Keeping Your Teens Drug-Free (as distributed at the meeting and available in the Superintendent's Office upon request).

Mr. Rick Ayala gave an update on suspensions, expulsions and restorative practices, which included data showing that in 2008-09 there were 669 suspensions district wide compared to 204 in 2014-15; there were 20 expulsions in 2008-09 compared to 8 expulsions in 2014-15. A number of reasons contribute to the reduction; there are District and Site safety committees, many district and school activities that promote connectedness, acceptance and inclusion, and a community culture that encourages students and parents to report concerns. Restorative practices are a proactive approach where people are more likely to make positive changes when those in positions of authority do things with them rather than to them, and where students feel a sense of ownership in regards to their behavior. There are many different levels of restorative practices and Mr. Ayala has led in-house training with administrators who in turn have trained staff at the school site level.
