Office of the Superintendent

March 12, 2020

Dear San Dieguito Union High School District Community,

Late last night, officials from the California Department of Public Health released new guidance that includes the following:

Large gatherings that include 250 people or more should be postponed or canceled. At this time, this guidance does not apply to activities such as attendance at regular school classes, work, or essential services.

Based on this guidance, as of 10:00 am on Thursday, March 12, 2020, and at least through the end of March 2020, the San Dieguito Union High School District is immediately suspending all large gatherings that include 250 or more persons. This will apply to all extracurricular activities to include school-sponsored and non-school sponsored field trips.

District officials have a conference call this afternoon with public health officials and the County Office of Education; we will provide further guidance to the school community as it is received.

Thank you for your flexibility and patience as we work with local health officials to ensure the safety of students, staff and our community.

Robert A. Haley, Ed.D.
Superintendent
Committed to the Future
