School Description

Vision Statement

Canyon Crest Academy is a learning community based on the values of shared responsibility and mutual respect among teachers, staff, parents and students. Canyon Crest Academy commits to providing positive, meaningful and rigorous learning experiences that promote the intellectual, social, physical and creative development of students. The curriculum responds to evolving student interests and includes specialized and in-depth studies. Students are supported in taking intellectual and creative risks as they engage in their studies. Canyon Crest Academy honors diversity of thought and culture, while being united in its mission. Graduates of Canyon Crest Academy experience a personal connection to the curriculum that enables them to be confident, life-long learners.

Mission Statement

Canyon Crest Academy, a professional learning community, challenges and inspires students to discover their passions and pursue their goals throughout high school and beyond.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Our school meets most or all of the standards for good repair, established by the Office of Public School Construction. If we have any deficiencies, they are not significant. We scored between 99 and 100 percent on the 15 categories of our evaluation.				

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2016-17 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)

ELA	92	87	80	81	48	48
Math	80	76	71	71	36	37

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

2015-16 CAASPP Results by Student Group Science (grades 5, 8, and 10)				
Group	Number of Students		Percent of Students	
	Enrolled	with Valid Scores	w/ Valid Scores	Proficient or Advanced
All Students	622	606	97.4	92.7
Male	291	287	98.6	95.8
Female	331	319	96.4	90.0

Socioeconomically Disadvantaged	19	17	89.5	76.5
Students with Disabilities	36	34	94.4	73.5

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)					
	School		District		State	
	14-15	15-16	14-15	15-16	14-15	15-16
Science	94	93	85	84	56	54

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Grade Level	2016-17 Percent of Students Meeting Fitness Standards

Students with Disabilities	27	25	92.59	72

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

The Canyon Crest Academy Foundation includes everyone in the Canyon Crest Academy community. CCA does not have a PTA, PTSA, or PTO. The foundation takes the place of those groups at our school and delivers many familiar services and raises funds for our school. The CCA Foundation raised in approximately \$1.5 million dollars during the 2016-2017 school year, and over the past three school years, they have raised over \$3.5 million dollars to enrich the educational experience for CCA students. The foundation provides funding and volunteer support for programs in the arts, technology, each of the academic disciplines, and athletics. It is unique in that, in addition to providing financial support, it develops community partnerships that will further enhance students' overall experience. For more information about parent involvement, please contact CCA Foundation Executive Director, Joanne Couvrette at joanne.couvrette@sduhsd.net. Parents also come to Coffee with Killeen to hear about schoolwide events and initiatives and offer input. A weekly communication, called the CCA Connection also goes out to parents. Parents are part of School Site Council and several are on District Advisory Boards.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

We developed our safety plan in accordance with district guidelines, and it includes a complete fire, evacuation, and lockdown strategy. We review safety-related issues in our monthly site safety meetings and in the monthly district safety meetings. The School Safety Plan is approved by our School Site Council annually. We assign staff members roles for each contingency, and we schedule practice drills in accordance with state and federal laws. As part of our safety plan, we hold regular fire, earthquake, lock-down, and 3 in 1 evacuation drills. Our classrooms have lock-blocks on the doors. Our safety plan has been shared with all faculty at the August staff development day, and each faculty member has a folder with the instructions in the event of an emergency. We receive support from local authorities, including the San Diego Police Department, who has assigned two resource officers to our area, and our local fire department and paramedics are adjacent to the campus. Fire authorities conduct regular fire inspections.

* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development provided for Teachers

CCA teachers participate in staff development activities on 19 days when students come to school 90 minutes later than usual. Late Start days are based on Professional Learning Communities. We dedicate two full days to staff development prior to the first day of school as well as one day at the end of the semester. Staff development days focus on improving student achievement, strengthening student/staff connections, developing department curriculum, and cross-curricular projects. Site based professional development supports the goals of the Single Plan for Student Achievement. The staff training activities are developed by a committee of teachers and administrators. Staff determine areas of focus, with input from students and parents. There are eight minimum (shortened) days. Minimum days are scheduled for semester and end-of-term finals. Math and English teachers attended workshops to devise programs that support lower-performing students. All those who teach AP classes attend a two-week summer training session.

Types of Services Funded

The local control funding formula (LCFF) was enacted in 2013–14, and it replaced the previous kindergarten through grade 12 (K–12) finance system which had been in place for roughly 40 years. For school districts, the LCFF establishes base, supplemental, and concentration grants in place of the many previously existing K–12 funding streams and most of the 50-plus state categorical programs that existed at the time. LCFF provides all districts with per-student base grant funding that varies slightly depending on grade level. Additionally, all districts receive per student supplemental grant funding which adds 20% to the base grant funding for each English-language learner, low-income student and foster youth student enrolled. Finally, districts in which English-learners, low-income students and foster youth exceed 55% of the total enrollment receive additional concentration grant funding equal to 50% of the base grant funding. San Dieguito Union High School District (SDUHSD) is not eligible for concentration funding because its enrollment does not exceed the 55% threshold. By law, supplemental and concentration grant funds must be used to increase and improve programs and services for English-learners, low-income students and foster youth.

SDUHSD schools offer a broad course of study which includes; intervention courses, Advanced Placement (AP) and Honors courses, specialized programs for students who qualify for Special Education, Integrated and Designated English Language Development Programs for English Learners as well as CTE courses and pathways.

Additionally, SDUHSD schools offer services and supports for all students including; School Social Workers, READI program, School Counselors, School Psychologists, EL Lead Teachers, and Special Education Service Providers. We also offer tutoring, SST support, 504 support, IEP support, and EL support. Our master schedule includes support classes in academic literacy and mathematics.

Career Technical Education Programs

Career Technical Education (CTE) in the SDUHSD is a program of study involving a sequence of courses within an industry pathway that integrates core academic knowledge with technical skills. CTE provides students with multiple pathways to college and careers. The career pathways are organized within 15 state-defined industry sectors, which have been identified as critical for the fiscal stability and prosperity of the State of California. Students complete a career pathway by (a) taking and passing two or more CTE courses in a single, defined pathway. Student internship opportunities are available within some of the advanced CTE courses. CTE courses at SDUHSD often fulfill the “a–g” subject-area requirements of the University of California and the California State University and may lead to community college credit, an industry-recognized credential, a certificate, or a degree at the postsecondary level.

Canyon Crest Academy offers CTE courses in the following industry sectors: Arts, Media and Entertainment, Business and Finance, Engineering and Architecture, and Information and Communications Technologies.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
