School Description

La Costa Canyon High School (LCC) is an International Baccalaureate (IB) World School and student-centered educational community located in south Carlsbad. Our commitment to academic excellence has resulted in being recognized as a California Distinguished school as well as National Blue Ribbon School. Current enrollment is approximately 1800 students in grades 9-12 servicing students who live within the San Dieguito Union High School District.

La Costa Canyon High School's mission is to be an inclusive, collaborative, and energetic learning community dedicated to preparing students to be creative innovators, exemplary citizens, compassionate leaders, and inquisitive life-long learners.

La Costa Canyon High School graduates will be:

I. Students who will acquire knowledge consistent with state standards.

II. Capable and Responsible Citizens Who:

- understand and appreciate their roles and responsibilities in our democratic society
- are responsible and accountable for their actions and choices
- demonstrate concern, tolerance, compassion, and respect
- understand the impact of human activities on the environment
- actively provide service to both the school and local communities
- understand the choices necessary to develop a healthy lifestyle

III. Self-Directed Lifelong Learners Who:

- are able to analyze and evaluate their own learning
- ask questions in order to solve problems
- are committed to excellence in their work
- understand the importance of new experiences and continual education
- demonstrate creative thought in problem solving
- possess the skills necessary to succeed in the global community
- effectively collaborate in a variety of learning environments

IV. Effective Communicators Who:

- are able to listen and communicate well in written, verbal, and nonverbal modes
- understand and use technology in communication
- show respect for diverse perspectives
- research, create, and evaluate in written, verbal, and artistic modes
- use communication skills to resolve conflicts through positive, non-violent alternatives

V. Creative and Critical Thinkers Who:

- successfully acquire, analyze, organize and apply information
- develop and express creative ideas and solutions
- examine moral, ethical, and cultural issues from multiple perspectives
- integrate and synthesize information across disciplines
- demonstrate growth in higher-level thinking skills

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements (Most Recent Year)

Our school includes 120 classrooms, six computer labs, a library media center/learning commons, and audiovisual technology facilities. We also have a visual and performing arts building and music facility with music performance classrooms, a 470-seat performing arts center, a two-story gymnasium that seats 2,200, and a stadium that seats 5,000. In 2018, the LCC Theater received updates to include lighting, projection, and sound. Beginning in the summer of 2020, construction will begin on a complete renovation of our Culinary Arts building and surrounding outdoor area with a farm to table concept in mind. The renovation is scheduled to be complete by the beginning of the 2020-21 school year.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

Overall Rating	Exemplary Good	Our school meets most or all of the standards for good repair, established by the Office of Public School Construction. If we have any deficiencies, they are not significant. We scored between 99 and 100 percent on the 15 categories of our evaluation.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	65	71	80	80	50	50
Math	49	52	72	72	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

State Priority: Other Pupil Outcomes

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)

The LCCHS Foundation is comprised of hundreds of parent volunteers and families who support school programs and provide supplemental educational resources through membership drives and fundraisers. Parents play an active part in a variety of school events. Parents volunteer regularly on campus and serve on various school committees such as School Site Council, Wellness Committees, Special Education Strategic Plan Parent Forum, Hospitality, Maverick Academic Boosters, Maverick Athletic Boosters, and WASC. In addition, we offer school-based meetings for Spanish-speaking parents through our English Language Advisory Committee (ELAC).

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

La Costa Canyon High School's comprehensive safety plan is developed and reviewed annually with input from staff, district personnel, local fire/police, parents, and students within the first quarter of school. The plan is sent out to staff before school begins and highlighted for our staff during staff meetings and email communications during the first week of school. This year, LCC conducted a evacuation drills during the first week of school. In addition to our school safety plan, we require all students to remain on campus, with the exception of seniors who have a permit to leave during lunch. Visitors must check in at the front desk and wear visitor badges while on campus through our recently added Raptor system. We have two full-time campus supervisor, three assistant principals, intermittent school resource officer through Carlsbad Police Department, and four counselors. LCC encourages is students and staff to "See Something, Hear Something, and Say Something."

D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Ratio of Academic Counselors to Pupils (School Year 2018-19)

Title	Ratio
Academic Counselor*	486.8

* One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Student Support Services Staff (School Year 2018-19)

Title	Number of Full-Time Equivalent (FTE)
Counselor (Social/Behavioral or Career Development)	4.0
Library Media Teacher (Librarian)	
Library Media Services Staff (Paraprofessional)	
Psychologist	
Social Worker	
Nurse	
Speech/Language/Hearing Specialist	1.0
Resource Specialist (non-teaching)	
Other	.2

* One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	16	17	17

Teachers collaborate regularly within academic departments to discuss department goals and action plans to improve student achievement and course consistency. Administration conducts monthly professional development as well as department chair meetings to facilitate progress within the school's academic programs. Departments use staff development time to collaborate regularly. Collaboration days are used to monitor student learning by creating assessments, analyze student achievement results, and to develop systematic interventions to improve student achievement.

Types of Services Funded

The local control funding formula (LCFF) was enacted in 2013–14, and it replaced the previous kindergarten through grade 12 (K–12) finance system which had been in place for roughly 40 years. For school districts, the LCFF establishes base, supplemental, and concentration grants in place of the many previously existing K–12 funding streams and most of the 50-plus state categorical programs that existed at the time. LCFF provides all districts with per-student base grant funding that varies slightly depending on grade level. Additionally, all districts receive per student supplemental grant funding which adds 20% to the base grant funding for each English-language learner, low-income student and foster youth student enrolled. Finally, districts in which English-learners, low-income students and foster youth exceed 55% of the total enrollment receive additional concentration grant funding equal to 50% of the base grant funding. San Dieguito Union High School District (SDUHSD) is not eligible for concentration funding because its enrollment does not exceed the 55% threshold. By law, supplemental and concentration grant funds must be used to increase and improve programs and services for English-learners, low-income students and foster youth.

SDUHSD schools offer a broad course of study which includes; intervention courses, Advanced Placement (AP) and Honors courses, International Baccalaureate courses, specialized programs for students who qualify for Special Education, Integrated and Designated English Language Development Programs for English Learners as well as CTE courses and pathway. Additionally, SDUHSD schools offer services and supports for all students including; Student Support Specialist, Alcohol Tobacco, Other Drug (ATOD) program, School Counselors, School Psychologists, EL Lead Teachers, and Special Education Service Providers. For the 2018-2019 school year, LCC has worked collaboratively with the LCC Foundation to create an enrichment program after school that is open to all students. Credentialed teachers are available during extended study period to support students in all curricular areas. The parent Foundation provides financial support to run the Academic Enrichment programs. Through categorical achievement funds, LCC has established a "Newcomer's Academy" for EL learners that are new to the country with a supporting bilingual aide. These students have smaller class sizes and additional enrichment in ELA and Math, and vocabulary development in Science and Social Science. In addition to these programs, categorical funding has also provided sections for "Academic Survival" courses which are used as an intervention for students requiring more support with math, English, and study skills. Finally, categorical achievement funds have also support the Advancement Via Individual Determination (AVID) program to include tutor support for students.

Career Technical Education Participation

Measure	CTE Program Participation
Number of pupils participating in CTE	1149
% of pupils completing a CTE program and earning a high school diploma	33%
% of CTE courses sequenced or articulated between the school and institutions of postsecondary education	15%

Career Technical Education Programs

Career Technical Education (CTE) in the SDUHSD is a program of study involving a sequence of courses within an industry pathway that integrates core academic knowledge with technical skills. The career pathways are organized within 15 state-defined industry sectors, which have been identified as critical for the fiscal stability and prosperity of the State of California. Students complete a career pathway by taking and passing courses in a single, defined pathway. All CTE pathway courses include student work based learning opportunities. SDUHSD CTE courses fulfill the “a–g” subject-area requirements of the University of California and the California State University and may lead to community college credit, an industry-recognized credential, a certificate, or a degree at the postsecondary level.

Canyon Crest Academy offers 6 CTE pathway courses in the following industry sectors: Business Management, Design Visual & Media Arts, Engineering Technology, Film Video Production, Graphic Design, Performing Arts, and Software / Systems Development.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
