### School Description

Sunset High School is the alternative high school in the San Dieguito Union High School District. Sunset earned full accreditation by the Western Association of Schools and Colleges (WASC) during the 2014-15 school year. Sunset is designed to give extensive help to students in need of flexibility and individualized attention. Students who graduate from Sunset meet the same graduation requirements as those at the four comprehensive high schools in the district. Sunset High School prides itself on the continual focus on growth and learning, not only academically but emotionally and socially. Our school is very student-centered with an emphasis on "Respect and Responsibility" and on helping students to recognize their own potential. An advisor system is at the core of the school whereby all teachers serve as advisors to a group of approximately fifteen to twenty-five students with whom they have daily contact. This establishes an immediate connection to the school and helps students to be more aware and accountable for their progress, attendance and behavior. Our goals for our students are represented in Sunset's Expected School-wide Learning Results (ESLRs) where the focus is on creating self-directed learners, effective communicators, critical thinkers, responsible citizens and resilient individuals. We do this through our curriculum, through our instruction, and through our individual relationships. Our goal is to empower students. We learn, grow, and improve alongside our students.

Sunset High School Mission: Sunset High School develops respectful, responsible, self-directed learners by fostering a safe, supportive, and flexible learning environment in which students can experience academic success and personal growth.

#### Expected Schoolwide Learning Results (ESLRs)

Sunset High School Prepares its graduates to be:

##### 1) Self-Directed Learners Who

- Reflect on and take responsibility for their academic and personal growth.
- Develop and use effective strategies to overcome obstacles and aid in their social and academic development.
- Apply technology to enhance learning and growth.

##### 2) Effective Communicators Who

- Exhibit interpersonal interaction skills.
- Use self-expression to explore ideas and emotions.
- Are capable of advocating for themselves.

##### 3) Critical Thinkers Who

- Engage in problem-solving and decision-making.
- Employ and develop media literacy.
- Integrate knowledge, skills and procedures into a cohesive plan in order to solve unrehearsed problems.

##### 4) Responsible Citizens Who

- Respect and appreciate individuality and diversity of people and cultures.
- Appreciate the value of awareness and contribution to the global community.
- Successfully transition from high school prepared with a plan for the future.

##### 5) Resilient Individuals Who

- Value and strive for mental, emotional and physical well-being.
- Demonstrate adaptability in the face of obstacles.

- Accept responsibility for their actions.

The Expected School-Wide Learning Results were revised in the 2012-2013 school year with input from the entire staff and administration at Sunset High School. While many of the ESLRs were still relevant, some were changed to reflect the growing use of technology and the shift to the Common Core Standards. In addition, the focus on global communities and the need for our students to understand their place in the world factored into the revisions.

### About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### School Facility Conditions and Planned Improvements (Most Recent Year)

During the 2019-20 school year, Sunset is being temporarily housed at the northwest corner of San Dieguito High School Academy's campus as construction is completed on our new facility on Requeza Street. Sunset's campus is very clean, and students take pride in their school. This is shown by clean lunch tables after break, and very little, if any, trash. Classrooms are very well maintained by the students, staff members, and night custodian. Our campus is a pleasant and safe place to attend school. Students are very aware of our motto ("Respect and Responsibility"), and as a result Sunset is free of trash and graffiti. Every year the principal meets with district personnel to create a plan for the following year's facilities requests. This plan allows for yearly updates that are most critical for our site. Our district passed Prop AA Bond in November of 2012. This bond initiative provides \$449 million dollars to the San Dieguito High School District to upgrade our facilities and technology to the 21st century. The plans include rebuilding Sunset High School. We look forward to having a new state-of-the-art facility for the start of the 2020-21 school year.

#### School Facility Good Repair Status (Most Recent Year)

Year and month in which data were collected: 8/1/19

System Inspected	Repair Status	Repair Needed and Action Taken or Planned

<b>Overall Rating</b>		

System Inspected	Repair Status	Repair Needed and Action Taken or Planned
	Exemplary Good	Our school meets most or all of the standards for good repair, established by the Office of Public School Construction. If we have any deficiencies, they are not significant. We scored between 99 and 100 percent on the 15 categories of our evaluation.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

#### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 17-18	School 18-19	District 17-18	District 18-19	State 17-18	State 18-19
ELA	62	54	80	80	50	50
Math	17	9	72	72	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in Science for All Students

#### Grades Five, Eight, and Ten

Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: This is a placeholder for the California Science Test (CAST) which was administered operationally during the 2018-19 school year. However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

### Opportunities for Parental Involvement (School Year 2019-20)

At Sunset High School, we support parent involvement and try to encourage it in many ways. As a result of Sunset's small population, a sense of community and family is easily cultivated among students, parents, staff and teachers. Parents are required to accompany their student to meet with the principal prior to enrollment. This allows the principal to know all of Sunset's students and parents. During this meeting, parents learn about the school and become involved in decisions about their student's education. Parents attend an Open House in the Fall and there is a Parent Conference Week in the Spring. These events provide parents with an opportunity to come visit the teachers and staff at Sunset High School in a casual, friendly atmosphere. Parents are invited to campus when their student receives an award at the quarterly Sunset Standout Awards Ceremony. Parents are also invited to attend our Annual Awards Night at the end of the school year. Teachers communicate regularly with parents via telephone, email, and face-to-face meetings. Parents are invited to Coffee with the Principal on various mornings to learn about campus activities. Parents also represent Sunset on various site and district-level committees. Sunset's graduation is personal and unique. It is a time where parents are able to hear teachers give speeches about all of our graduates and it is a special culmination of their time at Sunset. Sunset sends out emails, all-calls and has a school website and Facebook page to inform parents of upcoming events and happenings on campus. The contact person for parent involvement is our principal, Rick Ayala, and he can be reached at (760) 753-3860, extension 5601.

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### School Safety Plan

Sunset provides a safe learning environment. Our campus is small, and as a result, staff members know each student. Staff members meet weekly to discuss student progress and other issues related to student learning and school safety. The majority of our students participate in support groups, which provide a sense of belonging and the opportunity to air concerns. Sunset also offers wellness activities throughout the school year to promote healthy living and good decision making. Staff members promote the school motto, "Respect and Responsibility". We believe that Sunset is the safest and most accepting campus in our district. Visitors must check in at the main office upon arrival. Sunset is a closed campus. Students may not leave campus without parent permission. We conduct emergency drills each semester to prepare students for earthquakes, fires, lock-downs, and other emergencies. A campus supervisor was added to the staff in 2016-17 to assist in the monitoring of students on campus.

Sunset's comprehensive safety plan at Sunset High School is reviewed annually and outlines provisions for handling natural and man-made crisis situations, including procedures for personal safety and security, ways to ensure smooth administrative control of operations during a crisis, procedures to establish a clear, effective communications system, and guidelines for public safety agency involvement. All school staff are familiar with the contents of this plan so that they are prepared to respond appropriately in a crisis.

\* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

### Professional Development provided for Teachers

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	2	3	3

Sunset teachers are dedicated to training. With the transition and adjustment to the Common Core Standards, most of our professional development programs provided by the district have been geared towards Common Core. The professional development days shared by all district teachers at the beginning of each semester have been focused on a clear understanding of what the new standards are, and how to effectively implement these standards into the classroom. In addition to these professional development days, there are 4.0 sections district-wide devoted to Teachers on Special Assignment (ToSA's). ToSA's are dedicated to helping all teachers in the transition. These teachers provide workshops in which the teachers at Sunset have participated. District technology ToSA's also visit the site when necessary to assist teachers individually with integrating technology into their classrooms.

In addition to Common Core, the Sunset Staff is dedicated to training in other areas that we feel can benefit our school community. Staff members have attended trainings and conferences on college preparation, expository reading, technology, diversity, student connectedness, recovery, anger management, death and grieving, and domestic violence. Our weekly staff meetings provide the perfect venue for teachers to share what they have learned, thus allowing the entire staff to benefit. Sunset's staff enjoys learning and is small enough that it is easy to share what we have learned, in order to benefit all classrooms and therefore all students.

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

**Types of Services Funded**

The local control funding formula (LCFF) was enacted in 2013–14, and it replaced the previous kindergarten through grade 12 (K–12) finance system which had been in place for roughly 40 years. For school districts, the LCFF establishes base, supplemental, and concentration grants in place of the many previously existing K–12 funding streams and most of the 50-plus state categorical programs that existed at the time. LCFF provides all districts with per-student base grant funding that varies slightly depending on grade level. Additionally, all districts receive per student supplemental grant funding which adds 20% to the base grant funding for each English-language learner, low-income student and foster youth student enrolled. Finally, districts in which English-learners, low-income students and foster youth exceed 55% of the total enrollment receive additional concentration grant funding equal to 50% of the base grant funding. San Dieguito Union High School District (SDUHSD) is not eligible for concentration funding because its enrollment does not exceed the 55% threshold. By law, supplemental and concentration grant funds must be used to increase and improve programs and services for English-learners, low-income students and foster youth.

SDUHSD schools offer a broad course of study which includes; intervention courses, Advanced Placement (AP) and Honors courses, specialized programs for students who qualify for Special Education, Integrated and Designated English Language Development Programs for English Learners as well as CTE courses and pathways. Additionally, SDUHSD schools offer services and supports for all students including; School Social Workers, READI program, School Counselors, School Psychologists, EL Lead Teachers, and Special Education Service Providers.

Sunset High School is not a Title 1 school. Sunset High School did meet the Adequate Yearly Progress (AYP) for the 2012-2013 school year and met all five targets. Our school is not identified as a Program Improvement School. Sunset High School provides many services to its students. We offer the National School Lunch Program where approximately twenty-five percent of our students take advantage of this program each year. This free or reduced-price meal subsidy goes to the students whose families earned less than \$46,435 a year (based on a family of four) in the 2017-2018 school year. Sunset also offers many special education services. One full-time special education teacher provides resource services, including curricular modifications based on students' Individualized Education Programs (IEPs). A resource classroom offers one-on-one and small-group instruction as well as academic monitoring. Sunset's special education students can benefit from the following programs; Academic support, Designated Instructional Services (DIS), Workability and/or Transitional Partnership Program (TPP). Academic Support works on remediation of students' content area classes as well as focusing on individual student IEP goals. The course is individualized for the student and the focus varies from student to student. Designated Instructional Services (DIS) is where a district speech and language pathologist and district psychologist come to Sunset to offer speech and language services and individual or group counseling as needed. Workability is a state funded program that provides pre-employment skills training, work site training and follow-up services to Sunset students who are in special education making the transition from school to work. The Transitional Partnership Program (TPP) is another program that assists special education students in the transition from school to work. TPP provides support in the areas of vocational assessment, employment readiness training, job skills training, employment subsidization, job coaching, post-employment support and post-graduation support. Even though Sunset does not provide formal GATE or English Learner Programs, all of Sunset teachers are certified to teach identified English Learners possessing the skills necessary to teach a diverse range of students. We work with all students to provide them with the educational support they need. Whether that support is providing challenging curriculum and extra opportunities or that support looks like assisting students with social or emotional challenges. We are committed to providing each and every student the experience they need to be successful in high school and beyond.

### Career Technical Education Participation

Measure	CTE Program Participation
Number of pupils participating in CTE	26
% of pupils completing a CTE program and earning a high school diploma	0%
% of CTE courses sequenced or articulated between the school and institutions of postsecondary education	25%

### Career Technical Education Programs

Career Technical Education (CTE) in the SDUHSD is a program of study involving a sequence of courses within an industry pathway that integrates core academic knowledge with technical skills. The career pathways are organized within 15 state-defined industry sectors, which have been identified as critical for the fiscal stability and prosperity of the State of California. Students complete a career pathway by taking and passing courses in a single, defined pathway. All CTE pathway courses include student work based learning opportunities. SDUHSD CTE courses fulfill the “a–g” subject-area requirements of the University of California and the California State University and may lead to community college credit, an industry-recognized credential, a certificate, or a degree at the postsecondary level.

Canyon Crest Academy offers 6 CTE pathway courses in the following industry sectors: Business Management, Design Visual & Media Arts, Engineering Technology, Film Video Production, Graphic Design, Performing Arts, and Software / Systems Development.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
