**SAN DIEGUITO UNION HIGH SCHOOL DISTRICT  
PROPOSITION AA BUILDING FUND (21-39)  
GENERAL OBLIGATION BONDS**

Introduction and Citizens' Oversight Committee Member Listing

---

On November 6, 2012 the San Dieguito Union High School District was successful under Proposition AA in obtaining District voters to issue up to \$449,000,000 in General Obligation Bonds pursuant to a 55% vote in a bond election. The General Obligation Bonds are considered Proposition 39 bonds. The passage of Proposition 39 in November 2000 amended the California Constitution to include accountability measures. Specifically, the District must conduct an annual, independent performance audit to ensure that funds have been expended only on the specific projects listed as well as an annual, independent audit of the proceeds from the sale of the bonds until all of the proceeds have been expended.

Upon passage of Proposition 39, an accompanying piece of legislation, AB 1908 was also enacted, which amended the Education Code to establish additional procedures which must be followed if a District seeks approval of a bond measure pursuant to the 55% majority authorized in Proposition 39 including formation, composition and purpose of the Independent Citizens' Oversight Committee, and authorization for injunctive relief against improper expenditure of bond revenues.

The San Dieguito Union High School District Proposition AA Independent Citizens' Oversight Committee as of June 30, 2021 was comprised of the following members:

Name	Position	Term Expiration
Robin Duveen	President-Taxpayer Association Member	April 2023
Peter Chu	Representative-Member-At-Large	April 2023

### **Report on the Financial Statements**

We have audited the accompanying financial statements of Proposition AA Building Fund (21-39) of San Dieguito Union High School District, which comprise the balance sheet as of June 30, 2021, and the related statement of revenues, expenditures, and changes in fund balance for the year then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

As discussed in Note B, the financial statements present only the Building Fund (21-39) which is specific to Proposition AA and is not intended to present fairly the financial position and results of operations of San Dieguito Union High School District in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Proposition AA Building Fund (21-39) of San Dieguito Union High School District as of June 30, 2021, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, and other required supplementary information as identified in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the Required Supplementary Information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information, as required by the *Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting*, prescribed in Title 5, *California Code of Regulations*, Section 19810 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

## **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated March 7, 2022, on our consideration of San Dieguito Union High School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering San Dieguito Union High School District's internal control over financial reporting and compliance.

## **Report on Other Legal and Regulatory Requirements**

In accordance with the requirements of Proposition 39, as incorporated in California Constitution Article 13A, we have also issued our performance audit report dated March 7, 2022 on our consideration of the District's compliance with the requirements of Proposition 39 with regards to the Proposition AA Building Fund (21-39). That report is an integral part of our audit of the District's Proposition AA Building Fund (21-39) for the fiscal year ended June 30, 2021 and should be considered in assessing the results of our financial audit.

Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2021  
(Unaudited)

---

This section of San Dieguito Union High School District's (District) Proposition AA Building Fund annual financial and performance audit report presents management's discussion and analysis of the Proposition AA Bond Program during the year ending June 30, 2021. Readers should also review the financial statements and notes to the basic financial statements included in the audit report to enhance their understanding of the Proposition AA Bond Program's financial and program performance.

## **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the District's Proposition AA Building Fund basic financial statements. The Fund's financial statements comprise three components: 1) management's discussion and analysis; 2) the Proposition AA Building Fund's financial statements; and 3) the performance audit required by law.

The District accounts for Proposition AA General Obligation Bond activity in the District's Building Fund. The Building Fund is a governmental fund type accounted for on a modified accrual basis of accounting that does not include fixed assets or long-term liabilities.

On November 6, 2012, the voters of the San Dieguito Union High School District community voted to approve Proposition AA to authorize the District to issue up to \$449 million of general obligation bonds to finance certain specified capital projects and facilities. In April 2013, the district issued the first series of those bonds in the amount of \$160 million to fund projects. The second series of those bonds were issued in April 2015, in the amount of \$117 million. The third series of those bonds were issued in July 2016, in the amount of \$62 million. The fourth series of bonds were issued in May 2018, in the amount of \$25.0 million. The latest series were issued in June 2021, in the amount of \$85.0 million, completing the Proposition AA bond issuance of \$449 million. The District currently has \$431.3 million outstanding in general obligation bonds, as of June 30, 2021.

## **FINANCIAL HIGHLIGHTS**

Key financial highlights for 2021 are as follows:

- The fund balance for Proposition AA Building Fund is \$91.5 million, as of June 30, 2021, which is \$77.2 million higher than June 30, 2020, as the final Prop AA bond series issuance was completed, and projects continue.
- Revenues consisted of other state income, interest earned, fair market value adjustment (discussed later in this report in the Notes to Financial Statements, Note C and Note D), and other local income (including reimbursements). Revenue totaled \$544,580 as of June 30, 2021, as compared to \$675,000 as of June 30, 2020.
- Expenditures and other outgo as of June 30, 2021, totaled \$7.5 million, as compared to \$25.4 million in June 30, 2020.

## FINANCIAL ANALYSIS OF THE PROPOSITION AA BUILDING FUND

## **PROPOSITION AA BUILDING FUND PLANNING AND CONSTRUCTION YEAR IN REVIEW**

The 2020-2021 fiscal year began with the following two school construction projects underway throughout the San Dieguito Union High School District:

- La Costa Canyon High School – Culinary Arts Modernization
- Sunset High School (Now Requeza Education Center, home to Sunset High School and C.O.A.S.T. Academy) Reconstruction Project

At the same time, 2020 planning was underway on the Audio/Visual Technology Improvement projects for Canyon Crest Academy, Carmel Valley Middle School, and Diegueno Middle School.

Architectural/Engineering design and planning was being finalized for the Torrey Pines High School: Building I Food Service, Makerspace, CAD Lab Modernization (combined funding for construction costs).

By October 2020, the following additional seven projects were in planning for 2021 and beyond:

- La Costa Canyon High School – Technology Improvements (Exterior Wireless Access Points)
- Oak Crest Middle School – Crest Hall and Fire Road (Design)
- Oak Crest Middle School – Buildings C & I Modernization
- Oak Crest Middle School – Audio/Visual Technology Improvements
- San Dieguito Academy – Parking Lot Restoration and Outdoor Play Courts
- San Dieguito Academy – Buildings A, B & IV Modernization
- Torrey Pines High School – Balance of I Building: New Arts Complex Building & Campus Green/Parking Lot

By mid-year in January 2021, the La Costa Canyon Culinary Arts Modernization project was completed.

At the same time, planning and design had begun on Diegueno Middle School – Buildings C, D, F, K, & Cougar Hall Modernization.

In spring 2021, planning was finalized and construction began on the following seven projects:

- Canyon Crest Academy – Audio/Visual Technology Improvements
- La Costa Canyon High School – Technology Improvements (Exterior Wireless Access Points)
- Oak Crest Middle School – Buildings C and I Modernization School (Design funding)
- Oak Crest Middle School – Audio/Visual Technology Improvements
- San Dieguito Academy – Arts and Humanities Building Shade Structure
- Sunset High School – Technology Improvements (Multipurpose Room)
- Torrey Pines High School – I Building Food Service, Makerspace, CAD Lab Modernization (Design funding)

As 2020-2021 drew to a close, planning and design that began during that fiscal year was still underway for seven school projects with anticipated 2021-2022 and beyond construction starts:

- Audio/Visual Technology Improvements – Carmel Valley Middle School
- Audio/Visual Technology Improvements – Diegueno Middle School
- Diegueno Middle School – Buildings C, D, F, K & Cougar Hall Modernization (Design)
- Oak Crest Middle School – Crest Hall and Fire Road (Design)
- San Dieguito Academy – Parking Lot Restoration and Outdoor Play Courts
- San Dieguito Academy – Buildings A, B & IV Modernization
- Torrey Pines High School – the Balance of the I Building project: New Art Classroom Building, Campus Green and Parking Lot

At the same time, the following two projects were completed:

- La Costa Canyon High School – Technology Improvements (Exterior Wireless Access Points)
- Sunset High School – Reconstruction Project

Overall, the school construction projects completed in 2020-2021 were delivered on time and under or near budget, with a projected savings of \$1,176,769 to be used towards other voter-approved Prop AA projects.

## **FACTORS BEARING ON THE DISTRICT'S FUTURE**

At the time these financial statements were prepared and audited, the District was aware of the existing circumstances that could affect its financial health in the future:

- Possible increases in building costs during construction

## **Requests for Information**

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the San Dieguito Union High School District's Proposition AA Building Fund finances and to demonstrate the District's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the Associate Superintendent of Business Services, San Dieguito Union High School District, 710 Encinitas Blvd., Encinitas, CA 92024.

**A. Definition of the Fund**

The Building Fund (21-39) was formed to account for property acquisition and construction of new schools as well as renovation of current schools for San Dieguito Union High School District (District), through expenditures of general obligation bonds issued under Proposition AA General Obligation Bonds Election of 2012. Fund (21-39) is one of the Building Funds of the District.

**B. Summary of Significant Policies**

*Basis of Presentation*

The District accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's School Accounting Manual. The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, as prescribed by the Governmental Accounting Standards Board (GASB) and *Audits of State and Local Governmental Units* issued by the American Institute of Certified Public Accountants.

*Fund Structure*

The accompanying financial statements are used to account for the transactions of the Building Fund (21-39) specific to Proposition AA as defined in Note A and are not intended to present fairly the financial position and results of operations of San Dieguito Union High School District in conformity with accounting principles generally accepted in the United States of America.

*Basis of Accounting*

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

The Building Fund (21-39) is maintained on the modified accrual basis of accounting. Revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current fiscal period. Expenditures are recognized in the accounting period in which the liability is incurred (when goods are received or services rendered). With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources.

*Budgets and Budgetary Accounting*

The Board of Trustees adopts an operating budget no later than July 1 in accordance with state law. This budget is revised by the Board of Trustees during the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

**PROPOSITION AA BUILDING FUND (21-39)**  
**GENERAL OBLIGATION BONDS**  
Notes to the Financial Statements  
Year Ended June 30, 2021

---

*Encumbrances*

The District utilizes an encumbrance accounting system under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation. Encumbrances are liquidated at June 30 since they do not constitute expenditures or liabilities.

*Use of Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

*Cash in County Treasury*

In accordance with Education Code §41001, the District maintains a substantial amount of its cash in the San Diego County Treasury. The County pools these funds with those of other districts in the County and invests the cash. These pooled funds are carried at cost, which approximates fair value, in accordance with the requirements of GASB Statement No. 31.

Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

The county is authorized to deposit cash and invest excess funds by California Government Code §53648 et.seq. The funds maintained by the county are either secured by federal depository insurance or are collateralized.

Information regarding the amount of dollars invested in derivatives with San Diego County Treasury was not available.

*Receivables and Payables*

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as interfund receivables/payables. Accounts receivable are recorded net of estimated uncollectible amounts. There were no significant receivables that are not scheduled for collection within one year of year end.

*Fund Balances – Governmental Funds*

Fund balances of the governmental funds are classified as follows:

Nonspendable Fund Balance – represents amounts that cannot be spent because they are either not in spendable form (such as inventory or prepaid insurance) or legally required to remain intact (such as notes receivable or principal of a permanent fund).

Restricted Fund Balance – represents amounts that are constrained by external parties, constitutional provisions or enabling legislation.

Committed Fund Balance – represents amounts that can only be used for a specific purpose because of a formal action by the District’s governing board. Committed amounts cannot be used for any other purpose unless the governing board removes those constraints by taking the same type of formal action. Committed fund balance amounts may be used for other purposes with appropriate due process by the governing board. Commitments are typically done through adoption and amendment of the budget. Committed fund balance amounts differ from restricted balances in that the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.

Assigned Fund Balance – represents amounts which the District intends to use for a specific purpose, but that do not meet the criteria to be classified as restricted or committed. Intent may be stipulated by the governing board or by an official or body to which the governing board delegates the authority. Specific amounts that are not restricted or committed in a special revenue, capital projects, debt service or permanent fund are assigned for purposes in accordance with the nature of their fund type or the fund’s primary purpose. Assignments within the general fund conveys that the intended use of those amounts is for a specific purpose that is narrower than the general purposes of the District itself.

Unassigned Fund Balance – represents amounts which are unconstrained in that they may be spent for any purpose. Only the general fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification because of overspending for specific purposes for which amounts had been restricted, committed or assigned.

When an expenditure is incurred for a purpose for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

*Deferred Inflows and Deferred Outflows of Resources*

Deferred outflows of resources is a consumption of net position that is applicable to a future reporting period. Deferred inflows of resources is an acquisition of net position that is applicable to a future reporting period. Deferred outflows of resources and deferred inflows of resources are recorded in accordance with GASB Statement numbers 63 and 65. At June 30, 2021 the Districts Proposition AA Building Fund (21-39) did not have any deferred inflows or deferred outflows of resources.

*Pensions*

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position of the CalPERS Schools Pool Cost-Sharing Multiple-Employer Plan (CalPERS Plan) and CalSTRS Schools Pool Cost-Sharing Multiple Employer Plan (CalSTRS Plan) and additions to/deductions from the CalPERS Plan and CalSTRS Plan fiduciary net positions have been determined on the same basis as they are reported by the CalPERS Financial Office and CalSTRS Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

GASB 68 requires that the reported results must pertain to liability and asset information within certain defined time frames. For this report, the following time frames are used:

*Postemployment Benefits Other than Pensions (OPEB)*

For purposes of measuring the Net OPEB liability, deferred outflows of resources related to OPEB and deferred inflows of resources related to OPEB, and OPEB expense have been determined by an independent actuary. For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms.

Generally accepted accounting principles require the reported results must pertain to liability and asset information within certain defined timeframes. For this report the following timeframes are used:

Valuation Date	June 30, 2019
Measurement Date	June 30, 2020
Measurement Period	June 30, 2019 to June 30, 2020

*Fair Value Measurements*

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles as defined by Governmental Accounting Standards Board (GASB) Statement No. 72. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The hierarchy is detailed as follows:

Level 1 Inputs: Quoted prices (unadjusted) in active markets for identical assets or liabilities that a government can access at the measurement date.

Level 2 Inputs: Inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly or indirectly.

Level 3 Inputs: Unobservable inputs for an asset or liability.

**C. Fair Value Measurements**

The District's investments attributed to Proposition AA Building Fund (21-39) at June 30, 2021, categorized within the fair value hierarchy established by generally accepted accounting principles were as follows:

	Amount	Fair Value Measurement Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

---

The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section 41001). The fair value of the District's investments in the pool is reported in the accounting financial statements as amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of the portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

The San Diego County Treasury is not registered with the Securities and Exchange Commission (SEC) as an investment company; however, the County Treasury acts in accordance with investment policies monitored by a Treasury Oversight Committee consisting of members appointed by participants in the investment pool and up to five members of the public having expertise; or an academic background in public finance. In addition, the County Treasury is audited annually by an independent auditor.

**D. Cash and Investments**

*Cash in County Treasury*

The District maintains significantly all of its cash in the San Diego County Treasury as part of the common investment pool. As of June 30, 2021, the portion of cash in the San Diego County Treasury attributed to Building Fund (21-39) was \$91,074,953. The fair value of Building Fund (21-39)'s portion of this pool as of that date, as provided by the pool sponsor, was \$91,455,264. Assumptions made in determining the fair value of the pooled investment portfolios are available from the County Treasurer.

*Analysis of Specific Deposit and Investment Risks*

GASB Statement No. 40 requires a determination as to whether the District was exposed to the following specific investment risks at year end and if so, the reporting of certain related disclosures:

a. Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The county is restricted by Government Code Section 53635 pursuant to Section 53601 to invest only in time deposits, U.S. government securities, state registered warrants, notes or bonds, State Treasurer's investment pool, bankers' acceptances, commercial paper, negotiable certificates of deposit, and repurchase or reverse repurchase agreements. The ratings of securities by nationally recognized rating agencies are designed to give an indication of credit risk. At year end the District was not exposed to credit risk.

b. Custodial Credit Risk

Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the District's name. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by either the counterparty or the counterparty's trust department or agent but not in the District's name. At year end, the District's Building Fund (21-39) was not exposed to custodial credit risk.

c. Concentration of Credit Risk

This risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. At year end the District's Building Fund (21-39) was not exposed to concentration of credit risk.

d. Interest Rate Risk

This is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District manages its exposure to interest rate risk by investing in the county pool.

e. Foreign Currency Risk

This is the risk that exchange rates will adversely affect the fair value of an investment. At year end, the District's Building Fund (21-39) was not exposed to foreign currency risk.

**E. Accounts Receivable**

As of June 30, 2021 accounts receivable consisted of:

	<u>Accounts Receivable</u>

**2020 General Obligation Bonds**

In May 2020, the District issued \$145,285,000 General Obligation Refunding Bonds. The general obligation refunding bonds bear fixed interest rates of 1.07% to 2.85% with annual maturities from August 2020 through August 2038. Interest is payable semiannually on February 1 and August 1 of each year, commencing August 1, 2020. The proceeds of \$145,285,000 were used to partially refund \$128,250,000 of the District's outstanding 2012 Election, Series A-2 Tax Exempt General Obligation Bonds in addition to paying the costs relating to the execution and delivery of the refunding bonds as associated with the refunding plan. The net proceeds of \$144,600,000 (after issuance costs of \$685,000) was deposited into a separate escrow fund for the partial refunding of the 2012 Election, Series A-2 Tax Exempt Bonds. The partial refunding of the 2012 Election, Series A-2 Tax Exempt Bonds will occur on the call date of August 1, 2023.

The maturity value of the old debt amounted to \$128,250,000 with the face value of the new debt at \$145,285,000, which resulted in a loss on refunding of \$17,035,000. The refunding decreased the debt service payments by \$11,356,166 and resulted in a calculated economic gain to the District of \$7,503,342.

**2021 General Obligation Bonds**

In June 2021, the District issued \$4,345,000 2012 Election, Series E-1, General Obligation Bonds (Taxable) and \$80,615,000 2012 Election, Series E-2, General Obligation Bonds (Tax-Exempt) in order to finance specific construction, acquisition and modernization projects approved by voters, and to pay costs of issuance of the bonds. The issue consisted of \$4,345,000 in serial bonds with interest rates of 0.175-0.275% with annual maturities from August 2022 through August 2023, \$36,790,000 in serial bonds with interest rates of 2.00-4.00% with annual maturities from August 2022 through August 2041, and \$43,825,000 in term bonds with interest rates of 2.25-3.00% with annual maturities from August 2042 through August 2043. Principal payments on the bonds are due August 1 of each year beginning August 1, 2022 while interest is payable semi-annually on February 1 and August 1 of each year through maturity beginning February 1, 2022.

Total proceeds of \$84,960,000, with additional premium of \$4,611,191, resulted in \$84,931,285 deposited into the Building Fund after issuance costs of \$491,879 while remaining funds of \$4,148,027 were deposited into the Bond Interest and Redemption Fund to be utilized for subsequent debt service on the bonds.

**2021 General Obligation Refunding Bonds**

In June 2021, the District issued \$32,600,000 of 2021 General Obligation Refunding Bonds. The general obligation refunding bonds bear fixed interest rates of 0.145% to 2.484% with annual maturities from August 2021 through August 2036. Interest is payable semiannually on February 1 and August 1 of each year, commencing August 1, 2021. The proceeds of \$32,600,000 were used to partially refund \$27,860,000 of the District's outstanding 2012 Election, Series 2015 B-2 Tax Exempt General Obligation Bonds in addition to paying the costs relating to the execution and delivery of the refunding bonds as associated with the refunding plan.

**I. Bond Premium**

Bond premium arises when the market rate of interest is lower than the stated interest rate on the bond. Generally Accepted Accounting Principles (GAAP) require that the premium increase the face value of the bond and then amortize the premium over the life of the bond.

The District has issued bonds at a premium. The premiums are being amortized over the life of the debt using the straight-line method.

Premiums issued on the debt resulted in an effective interest rate as follows:

	2013 Series A Bonds	2015 Series B Bonds	2016 Series C Bonds	2018 Series D Bonds	2018 Series E Bonds
Total Interest Payments on Bonds	\$113,607,493	\$ 88,265,753	\$ 42,624,776	\$ 18,093,285	\$ 40,309,058

**K. Pension Plans**

The following information presented below is the District's government-wide pension plan amounts for CalPERS and CalSTRS. As of June 30, 2021, the Building Fund (21-39) or bond fund was 0.56% of the District's total State Teachers' Retirement System expenditures and 2.84% of the District's total Public Employee's Retirement System expenditures.

1. General Information About the Pension Plans

a. Plan Descriptions

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Certificated employees are members of the California State Teachers Retirement System (CalSTRS) and classified employees are members of the California Public Employees' Retirement System (CalPERS). Benefit provisions under the Plans are established by State statute and Local Government resolution. Support by the State for the CalSTRS plan is such that the plan has a special funding situation as defined by GASB Statement No. 68. CalSTRS and CalPERS issue publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on their respective websites.

**b. Benefits Provided**

CalSTRS and CalPERS provide service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 62 for normal benefits or at age 55 with statutorily reduced benefits. Employees hired prior to January 1, 2013 are eligible to retire at age 60 for normal benefits or at age 55 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. All members are eligible for death benefits after one year of total service.

The Plan's provisions and benefits are in effect at June 30, 2021 are summarized as follows:

	CalSTRS

c. Contributions

CalSTRS

For the fiscal year ended June 30, 2021 (measurement date June 30, 2020), Section 22950 of the California Education Code requires members to contribute monthly to the system 10.205% (if hired on or after January 1, 2013) or 10.250% (if hired before January 1, 2013) of the creditable compensation upon which members' contributions under this part are based. In addition, the employer required rates established by the CalSTRS Board have been established at 16.15% of creditable compensation for the measurement period ended June 30, 2020 and for the fiscal year ended June 30, 2021. Rates are defined in Section 22950.5 through fiscal year ending June 30, 2021. Beginning in the fiscal year 2021-22 and for each fiscal year thereafter, the CalSTRS Board has the authority to increase or decrease percentages paid specific to reflect the contribution required to eliminate by June 30, 2046, the remaining unfunded actuarial obligation with respect to service credited to members before July 1, 2014, as determined by the Board based upon a recommendation from its actuary. Those adjustments are limited to 1% annually, not to exceed 20.25% of creditable compensation. For 2020-21, the employer rate reflects a 2.95% reduction from the rates that was originally required in the funding plan.

CalPERS

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The CalPERS Board retains the authority to amend contribution rates. The total plan contributions are determined through CalPERS' annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. For the fiscal year ended June 30, 2021 (measurement date June 30, 2020), the employee contribution rate was 7.00% and employer contribution rate was 20.700% of covered payroll. For 2020-21, the employer rate reflects a 1.98% reduction from the rate originally adopted by the board on April 21, 2020, due to an amendment of Government Code Section 20825.2.

On Behalf Payments

Consistent with Section 22955.1 of the California Education Code, the State of California makes contributions to CalSTRS on behalf of employees working for the District. For the fiscal year ended June 30, 2021 (measurement date June 30, 2020) the State contributed 10.328% of salaries creditable to CalSTRS. Consistent with the requirements of generally accepted accounting principles, the District has recorded these contributions as revenue and expense in the fund financial statements (current financial resources measurement focus). The government-wide financial statements have recorded revenue and expense for pension expense paid on behalf of the District (economic resources measurement focus). Contributions reported for on behalf payments are based on the District's proportionate share of the State's contribution for the fiscal year.

2. Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2021 (measurement period June 30, 2020), the District reported net pension liabilities for its proportionate shares of the net pension liability of each plan as follows:

	District Proportionate Share of Net Pension Liability	Bond Proportionate Share of Net Pension Liability
CalSTRS	\$ 112,648,048	\$ 302,356
CalPERS	43,551,558	1,271,507
Total Net Pension Liability	<u>\$ 156,199,606</u>	<u>\$ 1,573,863</u>

The District's net pension liability for each Plan is measured as the proportionate share of the net pension liability. The net pension liability of each of the Plans is measured as of June 30, 2020, and the total pension liability for each Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019 rolled forward to June 30, 2020 using standard update procedures. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined.

The District's proportionate share of the net pension liability for each Plan as of June 30, 2020 and June 30, 2021 were as follows:

	District Share for CalSTRS			Bond Share for CalSTRS		
	District's Proportionate Share	State's Proportionate Share	Total For District Employees	Bond Proportionate Share	State's Proportionate Share	Total For Bond Employees

c. Actuarial Assumptions

Total pension liabilities for the fiscal year ended June 30, 2021, were based on actuarial valuations determined using the following actuarial assumptions:

	CalSTRS	CalPERS
Fiscal Year	June 30, 2021	June 30, 2021
Measurement Date	June 30, 2020	June 30, 2020
Valuation Date	June 30, 2019	June 30, 2019
Actuarial Cost Method	Entry Age Normal	Entry Age Normal

Inflation	2.75%	2.50%
Wage Growth	3.50%	(3)
Investment Rate of Return	7.10%	7.15%
Post Retirement Increase	(1)	(4)
Mortality	(2)	(5)

- (1) CalSTRS post retirement benefit increases assumed at 2% simple for DB annually maintaining 85% purchasing power level.
- (2) CalSTRS base mortality tables are custom tables derived to best fit the patterns of mortality among CalSTRS members. The projection scale was set to equal 100% of the ultimate improvement factor for the Mortality Improvement Scale (MP-2019) table issued by the Society of Actuaries.
- (3) Varies by entry age and service.
- (4) CalPERS post retirement benefit increases assumes 2.00% until PPPA floor on purchasing power applies, 2.50% thereafter.
- (5) CalPERS mortality table was developed based on CalPERS specific data. The table includes 15 years of mortality improvement using the Society of Actuaries 90% of scale MP-2016. For more details on this table, please refer to the December 2017 experience study report (based on CalPERS demographic data from 1997 to 2015) that can be found on the CalPERS website.

d. Discount Rate

The discount rate used to measure the total pension liability was 7.10% for CalSTRS and 7.15% for CalPERS. The projection of cash flows used to determine the discount rate assumed the contributions from plan members, employers, and state contributing agencies will be made at statutory contribution rates. To determine whether the District bond rate should be used in the calculation of a discount rate for each plan, CalSTRS and CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current discount rates are adequate and the use of the District bond rate calculation is not necessary for either plan. The stress test results are presented in a detailed report that can be obtained from the CalPERS and CalSTRS websites.

The CalPERS discount rate was increased from 7.50% to 7.65% at measurement date June 30, 2015 (Fiscal year June 30, 2016) to correct for an adjustment to exclude administrative expenses. Subsequently CalPERS discount rate was decreased from 7.65% to 7.15% at measurement date June 30, 2017 (Fiscal year June 30, 2018) to adjust for changes resulting from actuarially determined amounts.

The CalSTRS discount rate was adjusted from 7.60% to 7.10% for measurement date June 30, 2017 (Fiscal year June 30, 2018) to adjust for changes resulting from a new actuarial experience study.

According to Paragraph 30 of GASB Statement No. 68, the long-term discount rate should be determined without reduction for pension plan administrative expense. The investment return assumption used in the accounting valuations is net of administrative expenses. Administrative expenses are assumed to be 15 basis points. Using this lower discount rate has resulted in a slightly higher Total Pension Liability and Net Pension Liability. CalSTRS and CalPERS checked the materiality threshold for the difference in calculation and did not find it to be a material difference.

CalSTRS and CalPERS are scheduled to review all actuarial assumptions as part of their regular Asset Liability Management (ALM) review cycle. The last ALM completed by CalSTRS was conducted in 2015. CalSTRS is in process of completing the next ALM and expects to complete the process by November 2019. CalPERS completed their ALM in 2018 with new policies in effect on July 1, 2018. Both CalSTRS and CalPERS conduct new ALM's every 4 years.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalSTRS and CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest quarter of one percent.

The following information presented below is the District's government-wide liability for OPEB. The bond fund had 0.7461% of the District's total OPEB expense.

1. General Information about the OPEB Plan

Plan Description

The District's defined benefit OPEB plan, San Dieguito Union High School District Retiree Health Care Plan (the Plan) provides OPEB for retirees that meet eligibility requirements until age 65. Retirees in the plan are eligible for the same medical plans as active employees. The Plan is a single-employer defined benefit OPEB plan administered by the District. Authority to establish and amend the benefit terms and financing requirements lie with the District's board of directors.

Plan Eligibility

The District provides medical and prescription drug benefits to its employees up to age 65. The District pays up to 100% of the retiree only cost up to a maximum which is based on the highest employee only medical premium in effect in the year of retirement. The District does not provide any retiree health benefits beyond age 65.

For certificated employees, the District provides retiree medical and prescription drug benefits to eligible retirees. The District's financial obligation is to pay for the retiree's medical coverage to age 65. The District pays up to 100% of the retiree only cost up to a maximum which is based on the highest employee only medical premium in effect in the year of retirement. Eligibility for retiree health coverage requires retirement with at least 10 years of service on or after age 55.

For classified employees, other management, confidential, and administrative employees, the District provides medical and prescription drug benefits to the earlier of age 65 or the end of a period of ten years. The District pays up to 100% of the retiree only cost up to a maximum which is based on the highest employee only medical premium in effect in the year of retirement. The District does not provide any retiree health benefits beyond age 65 or after a period of 10 years, if earlier. Eligibility for retiree health coverage requires retirement with at least 10 years of District service.

Retirees also have the option to elect dental coverage for themselves and eligible dependents but must pay the entire cost of coverage. Dependent coverage (except COBRA continuation) ceases upon the death of the retiree or when the retiree reaches age 65. The retiree pays for any amounts above the District's maximum contribution, for the cost of covering any eligible dependents and for the cost of coverage for employee dental.

Employees Covered by Benefit Terms

At June 30, 2021, the following retirees were covered by the benefit terms:

Inactive plan members of beneficiaries currently receiving benefit payments	75
Inactive plan members entitled to but not yet receiving benefit payments	-
Active plan members	<u>1,015</u>
Total number of participants	<u><u>1,090</u></u>

2. Total OPEB Liability

The District's net OPEB liability was measured as of June 30, 2020 and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs

The net OPEB liability on the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Fiscal Year	July 1st to June 30th
Measurement Date	June 30, 2020
Funding Policy	Pay-as-you-go
Discount Rate	5.05% per annum
Investment Rate of Return	5.50%
Inflation	2.50% per annum
Salary Increases	2.75% per annum
Healthcare Cost Trend Rates	6.00% decreasing to 5.00%
Retiree's Share of Costs	0.00% of projected premiums

The discount rate is the average, rounded to 5 basis points, of the range of 3-20 year municipal bond rate indices; S&P Municipal Bond 20 Year High Grade Rate Index, Bond Buyer 20-Bond GO Index, and Fidelity GO 20 Year Bond Index.

Mortality rates are based on the most recent rates used by CalPERS and CalSTRS for pension valuations. The CalPERS mortality table was developed based on CalPERS specific data. The table includes 20 years of mortality improvements using the Society of Actuaries Scale BB. The CalSTRS mortality table was developed based on CalSTRS specific data. The table includes mortality improvements set at 110% of the ultimate improvement factor from the Mortality Improvement Scale (MP-2016) table, issued by the Society of Actuaries.

*Discount Rate*

The discount rate of 5.05% is a blended rate between the rate of return at 5.50% and 2.66%, the resulting rate using the average of 3-20 year municipal bond rate indices: S&P Municipal Bond 20 Year High Grade Rate Index, Bond Buyer 20-Bond GO Index, and Fidelity GO AA 20 Year Bond Index.

The discount rate has increased from the June 30, 2020 discount rate of 3.50%.

*Actuarial Cost Method*

The actuarial cost method used to determine the allocation of the retiree health actuarial liability to the past (accrued), current and future periods is the Entry Age Normal (EAN) cost method. The EAN cost method is a projected benefit cost method which means the cost is based on the projected benefit expected to be paid at retirement.

The EAN normal cost equals the level annual amount of contribution from the employee's date of hire (entry date) to their retirement date that is sufficient to fund the projected benefit. As required by GASB 75, the normal cost is calculated to remain level as a percentage of pay. The EAN actuarial accrued liability equals the present value of all future benefits for retired and current employees and their beneficiaries less the portion expected to be funded by future normal costs.

*Actuarial Value of Assets*

Any assets of the plan are valued on a market value basis.

*Long-Term Expected Rate of Return*

The long-term expected rate of return on OPEB plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major class included in the OPEB plan's target asset allocation as of June 30, 2021, are summarized in the following table:

Asset Class	Target Allocation	Long Term Expected Real Rate of Return
Global Equity	59%	5.50%
Global Debt Securities	25%	2.35%
Inflation Assets	5%	1.50%
Real Estate Investment Trusts	8%	3.65%
Commodities	3%	1.75%
Cash	0%	0.00%

Long-term expected rate of return is 5.50%.

CalSTRS uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among CalSTRS members. The projection scale was set equal to 110 percent of the ultimate improvement factor from the Mortality Improvement Scale (MP-2019) table issued by the Society of Actuaries. Additional information can be obtained by reviewing the CalSTRS Actuarial Experience Study on CalSTRS website.

Schedule of District's Proportionate Share - California Public Employees' Retirement System

1) Benefit Changes: There were no changes to benefits during the period reported.

2) Changes in Assumptions: On December 21, 2016, the CalPERS board lowered the discount rate for funding purposes from 7.50% to 7.00 using a three year phase-in beginning with the June 30, 2016 actuarial valuations and the June 30, 2017 valuations for the School Pool. The final scheduled decrease from 7.25% to 7.00% for the school pool valuation occurred in the June 30, 2019 valuation. The CalPERS Board adopted new actuarial assumptions based on the recommendations in the December 2017 CalPERS Experience Study and Review of Actuarial Assumptions. The study reviewed the retirement rates, termination rates, mortality rates, rates of salary increases, and inflation assumption for the plan. These new assumptions are incorporated into the June 30, 2018 actuarial valuations.

## **OTHER INDEPENDENT AUDITOR'S REPORTS**

**Independent Auditor's Report on Internal Control over Financial Reporting and on  
Compliance and Other Matters Based on an Audit of Financial Statements  
Performed in Accordance with *Government Auditing Standards***

**Governing Board Members and  
Citizens' Oversight Committee  
San Dieguito Union High School District  
Encinitas, California**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Proposition AA Building Fund (21-39) of San Dieguito Union High School District, which comprise the balance sheet as of June 30, 2021, and the related statement of revenues, expenditures, and changes in fund balance for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated March 7, 2022.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered San Dieguito Union High School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of San Dieguito Union High School District's internal control. Accordingly, we do not express an opinion on the effectiveness of San Dieguito Union High School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether San Dieguito Union High School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## **Independent Auditor's Report on Performance**

**Governing Board Members and  
Citizens' Oversight Committee  
San Dieguito Union High School District  
Encinitas, California**

We were engaged to conduct a performance audit of the San Dieguito Union High School District Proposition AA Building Fund (21-39) for the year ended June 30, 2021.

### **Management's Responsibility for Performance Compliance**

Our audit was limited to the objectives listed with the report which includes the District's compliance with the performance requirements as referred to in Proposition 39 and outlined in Article XIII A, Section 1(b)(3)(C) of the California Constitution. Management is responsible for the District's compliance with those requirements.

### **Auditor's Responsibility**

We conducted this performance audit in accordance with the standards applicable to performance audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusions based on our audit objectives.

In planning and performing our performance audit, we obtained an understanding of the Fund's internal control in order to determine if the internal controls were adequate to help ensure the Fund's compliance with the requirements of Proposition 39 and outlined in Article XIII A, Section 1(b)(3)(C) of the California Constitution, but not for the purpose of expressing an opinion on the effectiveness of the Proposition AA Building Fund (21-39) San Dieguito Union High School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

In connection with our performance audit, we performed an audit for compliance as required in the performance requirements for the Proposition AA General Obligation Bond for the fiscal year ended June 30, 2021. The objective of the audit of compliance applicable to San Dieguito Union High School District is to determine with reasonable assurance that:

- The proceeds from the sale of the Proposition AA Bonds were only used for the purposes set forth in the ballot measure and not for any other purpose, such as teacher and administrative salaries.
- The Governing Board of the District, in establishing the approved projects set forth in the ballot measure to modernize, replace, renovate, construct, acquire, equip, furnish, and otherwise improve facilities of the District as noted in the bond project list.

In performing our audit of compliance, we performed procedures including but not limited to those listed as follows:

## **Internal Control Evaluation**

### Procedure Performed

Inquiries were made of management regarding internal controls to:

- Prevent fraud, waste, or abuse regarding Proposition AA resources
- Prevent material misstatement in the Proposition AA Building Fund (21-39) financial statements
- Ensure all expenditures are properly allocated
- Ensure adequate separation of duties exists in the accounting of Proposition AA funds. All purchase requisitions are reviewed for proper supporting documentation. The Project Manager or the Executive Director of Planning Services gives directions and submits documentation to the Construction and Facilities Coordinator to initiate a purchase requisition. The budget is verified by the Facilities Planning Analyst (Budget) and supporting documents are reviewed by a second Facilities Planning Analyst (Contracts). This requisition is first forwarded to the Executive Director of Planning Services for an initial review and then forwarded to the finance office where the Budget Analyst verifies the budget string and the requisition is subsequently reviewed and approved by the Chief Financial Officer, Chief Facilities Officer, and the Director of Purchasing to ensure the requested purchase is an allowable project cost in accordance with the Proposition AA ballot measure initiative approved by local voters as well as the board approved budget, and by the Accounting Specialist that all expenditures are properly recorded by the project and expense category. Once the purchase requisition has gone through the approval process, the Facilities Planning Analyst (Contracts) creates a purchase order, which is provided to the vendor, who proceeds to provide the requested services or goods. Other copies of the purchase order are also submitted to the finance office, purchasing office, and the Facilities Planning Analyst (Budget) for monitoring and review.

When the invoice is received the Executive Director of Planning Services and Facilities Planning Analyst (Budget) verify that the charges are consistent with the amounts on the approved contract/purchase order, then the invoice is subsequently signed and approved by the Project Manager and Chief Facilities Officer and either e-mailed or scanned to the finance office for subsequent approval. Invoices are approved by the Accounting Technician and monitored by the Chief Financial Officer in the finance office and subsequently processed through the accounts payable system of the District for payment. The invoices and support documents are submitted to the San Diego County Office of Education's Commercial Warrant Unit for audit to ensure compliance with procurement regulations and business practices before payment is released. The commercial warrants are routed back to the District finance office where they are signed by the Chief Financial Officer and then forwarded to the Facilities Planning and Construction Office for appropriate distribution.

### Results of Procedures Performed

The results of our audit determined the internal control procedures as implemented are sufficient to meet the financial and compliance objectives required by generally accepted accounting principles and applicable laws and regulations.

## **Tests of Expenditures**

### Procedures Performed

We tested expenditures to determine whether Proposition AA proceeds were spent solely on voter and Board approved school facilities projects as set forth in the Bond Project Lists and language of the Proposition AA ballot measure language. Our testing was performed using a sample size sufficient to meet a high level of assurance.

### Results of Procedures Performed

Expenditures tested were found to be in compliance with the terms of the Proposition AA ballot measure and applicable state laws and regulations.

### **Tests of Contracts and Bid Procedures**

#### Procedures Performed

We tested expenditures under Measure AA to determine if an expenditure was part of a valid contract, that the contract was properly approved by the District's Governing Board, and that the contract was established in compliance with Public Contract Code provisions, including bid procedures. Our testing was performed using a sample size sufficient to meet a high level of assurance.

### Results of Procedures Performed

Expenditures tested were found to have valid contracts which were issued through proper approval of the District's Governing Board in compliance with Public Contract Code, including bid procedures.

### **Facilities Site Review**

#### Procedures Performed

We reviewed the Citizens' Oversight Committee minutes and agendas along with other pertinent information on Measure AA designated projects to determine whether the funds expended for the year ended June 30, 2021 were for valid facilities acquisition and construction purposes as stated in the Bond Projects List. Additionally, we reviewed photographs of significant bond projects to determine projects were being completed as identified in the Bond Projects List.

### Results of Procedures Performed

Based on review of the minutes and agenda of the Citizens' Oversight Committee, expenditure documentation, review of project photographs, and other pertinent information provided, it appears the construction work performed was consistent with the Bond Projects List as well as the allowable projects as identified in Measure AA ballot measures.

### **Citizens' Oversight Committee**

#### Procedures Performed

We reviewed the minutes of the Citizens' Oversight Committee meetings to verify compliance with Education Code Section 15278 which requires the Citizens' Oversight Committee to:

- Actively review and report on the proper expenditure of taxpayers' money for school construction.
- Advise the public as to whether the District is in compliance with paragraph (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution.
- Ensure that bond revenues are expended only for purposes described in paragraph (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution.
- Ensure that no funds are used for any teacher or administrative salaries or other school operating expenses.

Additionally, Education Code Section 15278 authorizes the Citizens' Oversight Committee to:

- Receive and review copies of the annual, independent performance audit.
- Inspect school facilities and grounds to ensure that bond revenues are expended in compliance with the requirements described in paragraph (3) of subdivision (b) of Section 1 of Article XIII A of the California Constitution.
- Receive and review copies of any deferred maintenance proposals or plans developed by the District.
- Review efforts by the District to maximize bond revenues by implementing cost saving measures.

#### Results of Procedures Performed

In our review of the minutes of the Citizens' Oversight Committee we determined that, during the fiscal year ended June 30, 2021 the Committee fulfilled all required responsibilities identified in Education Code Section 15278 and additionally performed other authorized activities as identified in Education Code Section 15278.

#### Procedure Performed

We reviewed composition of the Citizens' Oversight Committee to verify compliance with Education Code Section 15282 which requires the following:

- The Citizen's Oversight Committee shall consist of at least seven members who shall serve for a minimum term of two years without compensation and for no more than three consecutive terms.
- One member shall be active in a business organization representing the business community located within the school district boundaries.
- One member shall be active in a senior citizens' organization.
- One member shall be active in a bona fide taxpayers' organization.
- One member shall be the parent or guardian of a child enrolled in the school district.
- One member shall be both a parent or guardian of a child enrolled in the school district and active in a parent-teacher organization.
- An employee or official of the school district shall not be appointed to the citizens' oversight committee.
- A vendor, contractor, or consultant of the school district shall not be appointed to the citizens' oversight committee.

#### Results of Procedures Performed

We have determined, the San Dieguito Union High School District Citizens' Bond Oversight Committee and its involvement is in compliance with Education Code Sections 15278 through 15282.

#### **Opinion on Performance**

The results of our tests indicated that the District has complied with the requirements set forth in Measure AA, approved by voters on November 8, 2016, in accordance with Proposition 39 as outlined in Article XIII A, Section 1(b)(3)(c) of the California Constitution.

## **Purpose of the Report**

This report is intended solely for the information and use of the District's Governing Board, the Measure AA Citizens' Oversight Committee, management, and others within the District and is not intended to be and should not be used by anyone other than these specified parties.
