**PREPARED &
SUBMITTED BY:** Eric R. Dill, Superintendent

SUBJECT: APPROVAL/APPOINTMENT OF THREE
NEW MEMBERS TO SERVE ON THE
INDEPENDENT CITIZENS OVERSIGHT
COMMITTEE

EXECUTIVE SUMMARY

Following the passage of Proposition AA, the Board of Trustees appointed a nine-member independent citizens oversight committee (ICOC). The purpose of the committee is to ensure that all funds are used in support of projects included in the bond measure, to inspect facilities and grounds, review cost-saving measures, review the annual independent audit reports, and to report to the Board and public on its findings. The committee must have no fewer than seven members and include members from the following categories:

- One member who is active in a business organization representing the community
- One member who is active in a senior citizens organization
- One member who is in a bona fide taxpayers' organization
- One member who is a parent of a district student and active in a parent organization
- One member who is a parent/guardian of a district student

The Board reappointed six members of the committee to two-year terms at its February 2, 2017 meeting. There are currently vacancies for three positions: parent of a currently-enrolled student, parent of a currently-enrolled student who is active in a parent organization, and member of a bona-fide taxpayer association.

Notices of the vacancies were sent to all parents along with the San Diego County Taxpayers Association. The individuals below submitted online applications and are available to appear for the interviews in open session. The applicants indicated their membership in the following categories, as well.

| Name | Parent | Active in Parent Organization | Taxpayer Association |
|----------------------|--------|-------------------------------|----------------------|
| Ray Adams | X | X | |
| Jon Corn | X | X | |
| Linda Culp | X | | |

| Cristina Rolle | X | | |
| Yitshak Shpigelman | X | X | |
| Melanie Spiegelman | X | X | |
| Jim Stapakis | X | X | |
| Steven Young | X | X | |

All of the candidates will be present for the Board to publicly interview during the Special Meeting. Application information submitted by the candidates follows this executive summary in the order they will appear for interviews. The Board will interview, deliberate, and make selections in public.

RECOMMENDATION:

It is recommended that the Board interview applicants to serve on the Independent Citizens Oversight Committee and take action to appoint one member as a parent representative, one member as a representative of a parent organization, and one member as a representative of a bona-fide taxpayer association.

Why would you like to serve on the ICOC?

As a parent of a 7th grader and a 5th grader I have a vested interest in the success of the SDUHSD. Making fiscally responsible decisions for the benefit of the schools and students is of utmost importance. Continued projects that maintain, upgrade and improve the infrastructure of the schools is a great responsibility and community oversight is a must. I would love to contribute to my community by offering my time and energy to ensure these projects go as intended.

Please describe your qualifications:

Currently I work as a Real Estate Salesperson for Windermere Homes and Estates in Del Mar. Skills that could apply: general building construction knowledge, building improvement experience, inspections, contract negotiations, contractor vetting, community relations.

Previous experience in wireless project management including site acquisition, timeline management, site walks, contractor hiring and oversight, support to engineers in the field, construction coordination. I have just finished a 6 month complete remodel of my personal residence which I managed myself with budget and timelines in mind.

I have a degree in education and put a very high value in ensuring our children, all of our children, have a solid education in a safe environment.

Please describe your educational background:

B.A. in Liberal Studies Education, San Diego State University 1998

Specialization: Psychology

California Real Estate Salesperson

Please describe your educational background:

The past 10 years the majority of my volunteer service has been directed towards my children's schools.

Why would you like to serve on the ICOC?

I am a former elementary school teacher with a Masters Degree in School Counseling. That speaks to my experience in the school system. But, I also possess a deep vested interest in our community schools and how they are functioning. I cannot honestly say I have experience with anything involving school funds or budgets, but I am a logical, rational, law abiding citizen who would most definitely be an asset and contributor to this committee.

Please describe your qualifications:

I was an elementary school teacher in Texas for 8 years before deciding to forgo a career to stay home and raise our two children. During the years spent at home, I acquired a Masters Degree in School Counseling, wrote two screenplays, started a business selling my own paintings, created a community fundraiser for local troops serving in Afghanistan, volunteered in the drama dept. at La Costa Canyon, got my real estate license, and am currently running an online website that helps people take control of own thoughts so that they can feel happier. I hope this shows that I have no fear of rolling up my sleeves and helping where I feel I can be of service.

Please describe your educational background:

I received my BA from the University of St. Thomas (Houston, TX) in 1992 & a Masters of Science in School Counseling from the University of Phoenix in 2009.

Please describe your educational background:

I organized and executed a community fundraiser for some local community service members serving in Afghanistan in 2001. I also helped organize and then participated in the Olivenhain Art Show in 2013. It was only held that one year. Also as mentioned before, I volunteered in the drama dept at LCC in the fall of 2014 helping the teacher at that time teach the students.

Why would you like to serve on the ICOC?

I have actively volunteered in the Solana Beach School District and San Dieguito High School District for the past 10 years. As my children have become older and wiser, my presence at school sites has become less welcome (although occasionally I will substitute teach on an emergency basis). So, I have a little extra time on my hands.

In all seriousness, I am a strong believer in our School District and believe a source of strength is parent commitment and positive involvement. Our community greatly benefits from Prop AA and I believe that my professional experience and background will help insure proper expenditure and use of bond revenues.

Please describe your qualifications:

I retired from the practice of law in 2002. I worked in the Corporate and Securities Department of a major San Diego Law Firm from 1985 - 1989 and subsequently worked in-house in the legal, real estate and business departments of private and public domestic and international companies. I am well versed in reading and understanding financial statements, compliance issues and risk and reward analysis. I have negotiated and documented numerous securities documents and business and real estate agreements.

I also feel that my school related volunteer activities and community involvement noted below provide a first hand understanding of parent and community thoughts related to our school facilities.

Why would you like to serve on the ICOC?

I have been a resident of the local community for 18 years. As a taxpayer and parent of a child in San Dieguito Union High School District, I feel a deep sense of responsibility for making sure the District has every opportunity for success in the Proposition AA bond program. My qualifications, detailed below, evidence my unique perspective of the District's challenges and opportunities. I have made a career of providing quality services to San Diego public K-12 school districts in the implementation and construction, project, and program management of multiple bond measures, which has resulted in an abundance of lessons-learned in construction and cost-efficiencies, as well as audits. I am excited for the opportunity to bring this knowledge to the District: by participating in the Independent Citizen's Oversight Committee and contributing to the District's Proposition AA success, I also bring success to fellow, local community taxpayers and my family.

Please describe your qualifications:

For the past 18 years, as a member of Gafcon, Inc.'s program and construction management team, I have contributed to multiple public K-12 school bond programs throughout San Diego County and Southern California. I offer the Independent Citizen's Oversight Committee the broad perspective of a contractor (with a keen understanding of construction means and methods), boots-on-the-ground Project Manager (working collaboratively with maintenance teams, staff, and faculty to deliver school facilities), and a fiscally-conscious Chief Operating Officer (working with Superintendents and presenting bond program updates to district board members and other local oversight committees). Because of this experience, I offer unique qualifications in the following areas:

Financial

As Chief Operating Officer of Gafcon, as well as my experience managing both program and project budgets for local K-12 public schools, I have a thorough understanding of budget best-practices, as well as California Education Code requirements, audit standards, design and construction costs, construction delivery methods, procurement, outreach, and transparency. Some of the schools that I have aided

ITEM 3

include San Diego Unified School District (SDUSD), Grossmont Union High School District (GUHSD), Carlsbad Unified School District, Los Angeles Unified School District, and Sweetwater Union High School District. As one example of my experience with bond funding, I was able to secure an additional \$2.5 million in funding working directly with the Office of Public School Construction. Our firm, a member of the San Diego County Taxpayer's Association, has assisted many of the districts we work with to attain exemplary scores in bond transparency (SDUSD, GUHSD, Grossmont-Cuyamaca Community College District, and San Diego Community College District all received perfect scores in transparency!). I understand the importance and the ins-and-outs of working with State and local agencies. Additionally, as a local taxpayer, I have a vested interest in my children's learning environment.

Construction Oversight

Public school construction presents unique challenges and opportunities. My proven history as both a project and program manager for similar facilities enables me to offer extensive experience and lessons-learned to maximize bond revenues by suggesting solutions like delivery methods and cost-saving measures. I am also experienced in monitoring bond funds to make sure they are being appropriately allocated and spent. As a professional services consultant, I can lend my insights, as well as my connections within the local contracting and professional services industry, to make sure the District receives competitive bids and proposals.

I have practical, real-world experience overseeing multi-million-dollar construction and development projects. Through this experience, I offer strong acumen in cost-reduction associated with site preparation and site design. I will also be able to leverage my technical expertise to review architectural renderings, project budget/schedule updates, audits, and other similar reports to ask the right questions, ensuring the Independent Citizen's Oversight Committee has every resource to successfully oversee and steward precious bond funding.

Steering and Planning

A collaborative person by nature, I have worked extensively with staff and faculty at campuses throughout San Diego County. This has provided me with an intrinsic understanding of the goals and business practices of local, public K-12 school agencies. I will synergize this knowledge with a background in construction and development to make sure that the District is presented with out-of-the-box opportunities in joint-use facilities, school site design, reusable facility plans, and deferred maintenance plans. At one district, understanding that teamwork is key, I was able to successfully steward the principals and keep the task-force focused on making sure projects were appropriately prioritized and would meet the needs of the facilities for years to come. The aspirational improvements for facilities and programs typically exceed the funding available. I have a great deal of experience assisting similar school districts with prioritization, resulting in maximized efficiency and bond revenue.

I have been looking for ways to be involved with the schools/school district because I believe a good education is one of the cornerstones of life. I moved to San Diego from Seattle in 2014, and specifically chose to live in the San Dieguito district because of its outstanding reputation. I would like to assist the District, and specifically the Committee, in successfully implementing the plan for capital improvements called for in Prop AA, which will then facilitate an improved learning environment for our students. It is also very important to keep the promises made to voters in exchange for their approval. As a mother of two SDA students, I am very pleased at the education they have both received but I also know that the improvements that are underway at the school will be extremely beneficial. I would love the opportunity to give back to the District.

Part of my position is to present project updates to our Independent Taxpayer Oversight Committee, called for in Proposition A (2004), the half cent sales tax program in San Diego County for transportation improvements. I also track audit findings and insure they are addressed on schedule. As such, I see the important role the Committee plays in implementation of my agency's program.

I am not an active member in any organization within the community served by this school district or impacted by the bond measure, other than being a parent member of the PTO/foundation at my childrens' schools.

Why would you like to serve on the ICOC?

I would like to serve on the ICOC because I have a vested interest in making sure my children attend the safest, best designed, best built, and best maintained facilities possible based on the available resources. I have been a parent to children in public schools for 12 years, and have 9 more years until my youngest graduates high school. I want to contribute to their experience - and the experience of other students, staff, and parents - in a meaningful way.

Please describe your qualifications:

There are 4 main reasons why I feel I am qualified to serve on the ICOC.

1. I am a parent to 3 children in the Carmel Valley community, two of whom are students at district high schools and have attended 2 middle schools.
2. I have been a licensed architect for over 20 years and have experience in all phases of planning, budgeting, constructibility review, contract review, and design/build and other procurements.
3. I have served in the capacity as an owner's representative during my 6-year tenure at UCSD where I managed more than \$100M in projects funded from multiple sources including state revenue bonds, lease bonds, revenue from departments and institutions, and major benefactors.
4. I have worked on many school-related projects in the capacity as a project manager and project architect including preschools, elementary, middle, high schools, higher education, and professional education facilities. My current responsibilities include healthcare and senior care facilities.

Please describe your educational background:

I attended High School in Silicon Valley. I then attended community college for 2.5 years before transferring to Cal Poly San Luis Obispo for Architecture and Construction Management. After graduating I enrolled in the Master of Building Science program at Auburn University. Total years in higher education is 9, including working part time continuously and a 6-month full time internship. I've continued my education since grad school through continuing education requirements for state licensure and other professional certifications.

ITEM 3

Please describe your educational background:

I have a 25 year history of serving several communities through participation in boards, committees, and professional organizations. This includes tenure on boards of directors and building committees for non-profit organizations, boards and committees for professional organizations, coaching for my children's community sports teams, mentoring high school and college students entering architecture and related professions, and serving on School Site Councils for the Solana Beach School District.
