

San Dieguito Union High School District

Comprehensive Safety Plan

BP 0450

Philosophy, Goals, Objectives and Comprehensive Plans

The Governing Board recognizes that students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. The Board is fully committed to maximizing school safety and to creating a positive learning environment that includes strategies for violence prevention and high expectations for student conduct, responsible behavior, and respect for others.

The school site council at each district school shall develop a comprehensive school safety plan relevant to the needs and resources of that particular school. New school campuses shall develop a safety plan within one year of initiating operations.

The school safety plan shall take into account the school's staffing, available resources, and building design, as well as other factors unique to the site.

The comprehensive safety plan(s) shall be reviewed and updated by March 1 of each year and forwarded to the District for approval.

The Board shall periodically review the comprehensive safety plan(s) in order to ensure compliance with state law, Board policy, and administrative regulation.

By October 15 of each year, the Superintendent or designee shall notify the California Department of Education of any schools that have not complied with the requirements of Education Code 32281.

Tactical Response Plan

Notwithstanding the process described above, any portion of a comprehensive safety plan that addresses tactical responses to criminal incidents that may result in death or serious bodily injury at the school site, including steps to be taken to safeguard students and staff, secure the affected school premises, and apprehend the criminal perpetrator(s), shall be developed by district administrators in accordance with Education Code 32281. In developing such strategies, district administrators shall consult with law enforcement officials and with representative(s) of employee bargaining unit(s), if they choose to participate.

Access to Safety Plan(s)

The Superintendent or designee shall ensure that an updated file of all safety-related plans and materials is readily available for inspection by the public.

However, those portions of the comprehensive safety plan that include tactical responses to criminal incidents shall not be publicly disclosed.

The Superintendent or designee shall share the comprehensive safety plans and any updates to the plans with local law enforcement, the local fire department, and other first responder entities.
