

San Dieguito Union High School District

Use Of School Facilities

BP 1330

Community Relations

The Governing Board believes that school facilities and grounds are a vital community resource which should be used to foster community involvement and development. Therefore, the Board authorizes the use of school facilities by district residents and community groups for purposes specified in the Civic Center Act, to the extent that such use does not interfere with school activities or other school-related uses.

The Superintendent or designee shall give priority to school-related activities in the use of school facilities and grounds. Other uses authorized under the Civic Center Act shall be on a first-come, first-served basis.

For the effective management and control of school facilities and grounds, the Superintendent or designee shall maintain procedures and regulations that:

1. Aid, encourage, and assist groups desiring to use school facilities for approved activities
2. Preserve order in school facilities and on school grounds and protect school facilities, designating a person to supervise this task, if necessary
3. Ensure that the use of school facilities or grounds is not inconsistent with their use for school purposes and does not interfere with the regular conduct of school work

Subject to prior approval by the Board, the Superintendent or designee may grant the use of school facilities or grounds on those days on which district schools are closed.

There shall be no advertising on school facilities and grounds except as allowed by district policy specified in BP 1325 - Advertising and Promotion.

As necessary to ensure efficient use of school facilities, the Superintendent or designee may, with the Board's approval, enter into an agreement for the joint use of any school facilities or grounds. The Board shall approve any such agreement only if it determines that it is in the best interest of the district and the community.

Fees

The Board shall adopt a comprehensive schedule of fees to be charged for community use of school facilities and grounds, including, but not limited to, the multipurpose room(s), playing or athletic field(s), track and field venue(s), tennis court(s), and outdoor basketball court(s). The schedule of fees shall be prepared in accordance with 5 CCR 14037-14041.

The Board authorizes the use of school facilities or grounds without charge to school-related organizations whose activities are directly related to or for the benefit of district schools. All

other groups requesting the use of school facilities under the Civic Center Act shall be charged an amount not exceeding direct costs determined in accordance with 5 CCR 14037-14041.

Additionally, when any use of school facilities or grounds is for religious services, the district shall charge an amount at least equal to the district's direct costs.

Groups shall be charged fair rental value when using school facilities or grounds for entertainment or meetings where admission is charged or contributions solicited and net receipts are not to be expended for charitable purposes or for the welfare of the district's students.

Calculating Direct Costs

Direct costs to be charged for community use of each, or each type of, school facility or grounds shall be calculated in accordance with 5 CCR 14038 and may reflect the community's proportionate share of the following costs:

1. Capital direct costs calculated in accordance with 5 CCR 14039, including the estimated costs of maintenance, repair, restoration, and refurbishment of non-classroom space school facilities or grounds
2. Operational direct costs calculated in accordance with 5 CCR 14040, including estimated costs of supplies, utilities, janitorial services, other services performed by district employees and/or contracted workers, and salaries and benefits paid to district employees directly associated with the administration of the Civic Center Act to operate and maintain school facilities and grounds

Expending Funds Collected as Capital Direct Costs

Any funds collected as capital direct costs shall be deposited into a special fund to be used only for capital maintenance, repair, restoration, and refurbishment of school facilities and grounds.

Use of School Facility as Polling Place

The Board may authorize the use of school buildings as polling places on any election day, and may also authorize the use of school buildings, without cost, for the storage of voting machines and other vote-tabulating devices. However, if a city or county elections official specifically requests the use of a school building as a polling place, the Board shall allow its use for such purpose. If school will be in session, the Superintendent or designee shall identify to elections officials the specific areas of the school buildings not occupied by school activities that will be allowed for use as polling places.

When a school is used as a polling place, the Superintendent or designee shall provide the elections official a site with an adequate amount of space that will allow the precinct board to perform its duties in a manner that will not impede, interfere, or interrupt the normal process of voting and shall make a telephone line for Internet access available for use by local elections officials if so requested. He/she shall make a reasonable effort to ensure that the site is accessible to persons with disabilities.

The Superintendent or designee shall establish procedures to ensure student safety and minimize disruptions whenever school is in session while the facilities are being used as a polling place.
