OTHER FOOD SALES

The Governing Board believes that sales of foods and beverages at school during the school day should be aligned with the district's goals to promote student wellness. Any food sales conducted outside the District's nutrition services program shall meet nutritional standards specified in law, Board policy and administrative regulations and shall not reduce student participation in the District's nutrition services program.

The Board authorizes the Superintendent or designee to approve the sale of foods and beverages outside the District's nutrition services program, including sales by student or school-connected organizations, sales through vending machines, and/or sales at secondary school student stores for fundraising purposes.

When vending machines are sponsored by the District, or a student or adult organization, the Superintendent or designee shall determine how and where vending machines may be placed at school sites, District offices, or other school facilities.
