

# **San Dieguito Union High School District**

## **Vehicle Safety**

BP 3534

### **Business and Noninstructional Operations**

The Governing Board desires to reduce the overall risk associated with the operation of vehicles while conducting District business.

The Superintendent or designee shall provide information on vehicle safety to all employees operating a district vehicle. This information includes standards of conduct for the safe operation of vehicles, proper incident reporting, defensive driver training, driver license verification, and discipline. Employee discipline will follow Due Process and the Collective Bargaining Agreements.

**Board Adopted: May 20, 2021**
