

San Dieguito Union High School District

Consultants

BP 3600

Business and Noninstructional Operations

The Governing Board authorizes the use of consultants and other independent contractors to provide expert professional advice or specialized technical or training services which are not needed on a continuing basis and which cannot be provided by district staff because of limitations of time, experience or knowledge.

Individuals, firms or organizations employed as independent contractors may assist management with decisions and/or project development related to financial, economic, accounting, engineering, legal, administrative, instructional or other matters.

As part of the contract process, the Superintendent or designee shall determine that the individual, firm, or organization is properly classified as an independent contractor. A person, firm, or organization shall be considered an employee rather than an independent contractor unless the district is able to demonstrate that all of the following conditions have been met:

1. The person or entity is free from the control and direction of the district in connection with the performance of the work.
2. The person or entity is performing work that is outside the usual course of the district providing educational services.
3. The person or entity is customarily engaged in an independently established trade, occupation, or business of the same nature as the work to be performed.

Specific statutory exceptions to this analysis for the determination of whether a person, firm, or organization is an independent contractor may apply.

All consultant contracts shall be brought to the Board for approval.

All qualified independent contractors shall be accorded equal opportunity for contracts regardless of actual or perceived race, color, national origin, ancestry, age, religious creed, marital status, pregnancy, physical or mental disability, medical condition, genetic information, military and veteran status, sex, sexual orientation, gender, gender identity, gender expression, immigration status, or association with a person or group with one or more of these actual or perceived characteristics. .

Independent contractors shall submit a written conflict of interest statement disclosing financial interests as determined necessary by the Superintendent or designee, depending on the range of duties to be performed by the consultant. The Superintendent or designee shall consider this statement when deciding whether to recommend approval of the contract.

When employees of a public university, county office of education or other public agency serve as consultants or independent contractors in other capacities for the district, they shall certify as part of the agreement that they will not receive salary or remuneration other than vacation pay from any other public agency for the specific days when they work for the district.
