

PROFESSIONAL TRAINEES

The Board of Trustees authorizes the placement of professional trainees from accredited colleges and universities in District assignments to work under the supervision of certificated employees of the District.

The Superintendent is authorized to:

- A. Develop procedures for placing qualified professional trainees.
- B. Enter into contracts with professional schools that include provisions for supervision of trainees.
- C. Remunerate District employees acting as supervisors of professional trainees an amount equal that paid to the District as per contract with the university or college.
