

**COURSES OF STUDY**

The Board of Trustees shall adopt district-wide courses of study which respond to student needs, conform with state and district standards and prepare students for graduation and for higher educational opportunities. Courses of study shall also give students the opportunity to attain skills appropriate for entry-level employment in business and industry upon graduation.

The Superintendent or designee shall work with the elementary school representatives to ensure a smooth transition for students between the schools.

The Superintendent or designee shall ensure that all otherwise qualified students have a timely opportunity, within the four years before graduation, to enroll in each course required for admission to California public colleges and universities.

The Superintendent or designee shall have the general coordinating authority over the development of curriculum. The Superintendent or designee shall develop a process for curriculum review and development which includes the participation of teachers, chairpersons, administrators, parents, students, and representatives from higher education and/or business and industry.

The Superintendent will establish a curriculum and textbook review and evaluation cycle for each area of the curriculum which shall serve as a timeline for the district-wide curriculum development.
