

IDENTIFICATION, EVALUATION AND PLACEMENT UNDER SECTION 504

The Superintendent designates the following position as the district's 504 Coordinator, to implement the requirements of Section 504 of the federal Rehabilitation Act of 1973:

Director of School and Student Services
710 Encinitas Boulevard, Encinitas, CA 92024
760-753-6491

For the purpose of implementing Section 504, the following terms and phrases shall have only the meanings specified below:

Free appropriate public education (FAPE) means the provision of regular or special education and related aids and services designed to meet the individual educational needs of a student with disabilities as adequately as the needs of students without disabilities are met, at no cost to the student or his/her parent/guardian except when a fee is specifically authorized by law for all students.

Student with a disability means a student who has a physical or mental impairment which substantially limits one or more major life activities.

Physical impairment means any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more body systems, such as neurological, musculoskeletal, special sense organs, respiratory (including speech organs), cardiovascular, reproductive, digestive, genito-urinary, immune, hemic, lymphatic, skin, and endocrine.

Mental impairment means any mental or psychological disorder.

Substantially limits major life activities means limiting a person's ability to perform functions, as compared to most people in the general population, such as caring for himself/herself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, writing, communicating, and working. Major life activities also includes major bodily functions such as functions of the immune system, special sense organs and skin, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, cardiovascular, endocrine, hemic, lymphatic, musculoskeletal, and reproductive functions, as well as the operation of an individual organ within a body system. The determination of whether an impairment substantially limits a student's major life activities shall be made without regard to the ameliorative effects of mitigating measures other than ordinary eyeglasses or contact lenses. Mitigating measures are measures that an individual may use to eliminate or reduce the effects of an impairment, including, but not limited to, medications, medical supplies or equipment, prosthetic devices, assistive devices, reasonable modifications or auxiliary aids or services, learned behavioral or adaptive neurological modifications, psychotherapy, behavioral therapy, or physical therapy.

REFERRAL, IDENTIFICATION, AND EVALUATION

The District has an affirmative responsibility to ensure that students are evaluated if there is reason to suspect that they may qualify under Section 504. This is commonly referred to as the District's "child find" obligation.

Any action or decision to be taken by the district involving the referral, identification, or evaluation of a student with disabilities shall be in accordance with the procedures outlined in the District's adopted Section 504 Procedural Manual.

SECTION 504 SERVICES PLAN AND PLACEMENT

Services and placement decisions for students with disabilities shall be determined as follows:

1. A multidisciplinary 504 team shall be convened to review the evaluation data in order to make placement decisions.

The 504 team shall consist of a group of persons knowledgeable about the student, the meaning of the evaluation data, and the placement options.

In interpreting evaluation data and making placement decisions, the team shall draw upon information from a variety of sources, including aptitude and achievement tests, teacher recommendations, physical condition, social or cultural background, and adaptive behavior. The team shall also ensure that information obtained from all such sources is documented and carefully considered and that the placement decision is made in conformity with 34 CFR 104.34.

If, upon evaluation, a student is determined to be eligible for services under Section 504, the team shall meet to develop a written 504 services plan which shall specify the types of regular or special education services, accommodations, and supplementary aids and services necessary to ensure that the student receives FAPE.

The parents/guardians shall be invited to participate in the meeting and shall be given an opportunity to examine all relevant records.

The district shall complete the identification, evaluation, and placement process as outlined in the District adopted Section 504 Procedural Manual.

REVIEW AND REEVALUATIONS

The 504 team shall monitor the progress of the student and shall review the effectiveness of the student's Section 504 services plan to determine whether the services are appropriate and necessary and whether the student's needs are being met as adequately as the needs of students without disabilities are met. In addition, each student with a disability under Section 504 shall be reevaluated at least once every three years. A reevaluation of the student's needs shall be conducted before any subsequent significant change in placement.

If a student transfers to another school within the district, the principal or designee at the school from which the student is transferring shall ensure that the principal or designee at the new school receives a copy of the plan prior to the student's enrollment in the new school.

PROCEDURAL SAFEGUARDS

The Superintendent or designee shall notify the parents/guardians of students with disabilities of all actions and decisions by the district regarding the identification, evaluation, or educational placement of their children. He/she also shall notify the parents/guardians of all the procedural safeguards available to them if they disagree with the district's action or decision, including an opportunity to examine all relevant records and an impartial hearing in which they shall have the right to participate.

If a parent/guardian disagrees with any district action or decision regarding the identification, evaluation, or educational placement of his/her child under Section 504, he/she may request a Section 504 due process hearing within 30 days of that action or decision.

Prior to requesting a Section 504 due process hearing, the parent/guardian may, at his/her discretion, but within 30 days of the district's action or decision, request an administrative review of the action or decision. The Coordinator shall designate an appropriate administrator to meet with the parent/guardian to attempt to resolve the issue and the administrative review shall be held within 14 days of receiving the parent/guardian's request. If the parent/guardian is not satisfied with the resolution of the issue, or if the parent/guardian did not request an administrative review, he/she may request a Section 504 due process hearing.

A Section 504 due process hearing shall be conducted as outlined in the District adopted Section 504 Procedural Manual and Procedural Safeguards.

NOTIFICATIONS

The Superintendent or designee shall ensure that the district has taken appropriate steps to notify students and parents/guardians of the district's duty under Section 504.
