Enrollment Information

How to Enroll

To enroll in benefits, you must complete and sign the appropriate paper enrollment forms and return them to Human Resources. Within 30 days of your hire date or a status change (described under *Changes to Enrollment* below).

For assistance with enrollment, contact Human Resources at **760-753-6491**, ext. **5563**.

Changes To Enrollment

Our benefit plans are effective January 1 through December 31 of each year. There is an annual open enrollment period each year, during which you can make new benefit elections for the following January 1 effective date. Once you make your benefit elections, you cannot change them during the year unless you experience a qualifying event as defined by the IRS. Examples include, but are not limited to the following:

- Marriage, divorce, legal separation or annulment
- Birth or adoption of a child
- A qualified medical child support order
- Death of a spouse or child
- A change in your dependent's eligibility status
- Loss of coverage from another health plan
- Change in your residence or workplace (if your benefit options change)
- Loss of coverage through Medicaid or Children's Health Insurance Program (CHIP)
- Becoming eligible for a state's premium assistance program under Medicaid or CHIP

Important Note: Coverage for a new dependent is not automatic. If you experience a qualifying event, you have 30 days to update your coverage. Please contact Human Resources immediately following a qualifying event to complete the appropriate election forms as needed. If you do not update your coverage within 30 days from the qualifying event, you must wait until the next annual open enrollment period to update your coverage.

When Benefits End

- If employment ends **on or before** the tenth day of the month: Coverage ends on the last day of the month in which your employment ends with SDUHSD
- If employment ends **after** the tenth day of the month: Coverage ends on the last day of the month following the second month or when you no longer work the required number of hours for eligibility.
- Exception: if your last date of employment is in the month of June, you **may** be eligible for coverage continuation beyond June 30.

Once your employment ends, you may be eligible to continue your SDUHSD health benefits (at your own expense) under COBRA. To preserve your COBRA rights, you must contact Human Resources within 30 days (or 60 days for certain circumstances) of the qualifying event that results in your loss of coverage. Please contact Human Resources for other circumstances that may allow for benefits to be continued at the employee's expense.

Paying for Coverage

You pay for the cost of your medical plan; full time employees receive a District health care credit to be applied to that cost. SDUHSD pays the employee only portion of the dental plan premium. The cost of your health benefits is based on your selected medical and dental plans along with the number of dependents enrolled. If the health benefits you elect cost more than the District health care credit SDUHSD provides you with, the additional cost will be deducted from your pre-tax income on your paycheck.

SDUHSD provides an income protection plan, group term life and AD&D insurance for benefit eligible employees, and an employee assistance program at no cost to you. Benefit eligible employees may also choose to participate in the Supplemental Life and AD&D plans, and the Flexible Spending Accounts.

See Employee Contributions on page 30 for your costs and the 2019 District health care credit. For additional details, please contact Human Resources.

Opt-Out Provision

To waive medical coverage, you must sign a *Declination of Medical Coverage* form each year and submit to Human Resources with proof of your other group coverage. In selecting this option, You would not receive the District health credit.

Medical Plan Descriptions

Medical Plans

The District offers health care benefits that give you both choice and affordability. With four medical plans, you choose how you want to manage your costs and healthcare provider relationships.

Kaiser Permanente HMO Plan

- All services must be obtained at a Kaiser facility except in the case of emergency.
- While all of your care must be directed through your selected physician, you can choose and change your doctor at any time, for any reason.
- Kaiser Permanente integrates all elements of healthcare such as physicians, medical centers, pharmacies and administration in one convenient facility.

Kaiser Permanente Online, Mobile and Phone Access

Manage your care online by registering at www.kp.org. You can locate Kaiser Permanente facilities, make or cancel appointments online, refill prescriptions, email your doctor, view medical records, obtain health and wellness information and much more.

Once you've registered, download the Kaiser Permanente app, available on the [App Store](#) and [Google Play](#) for on-the-go convenience. You can also download the KP Preventive care app for preventive care reminders and alerts.

You can reach Kaiser customer service at [800-464-4000](tel:800-464-4000).

Cigna Select HMO

- You must choose a Primary Care Physician (PCP) or medical group in the “[Southern CA Select \(St. Joseph Hoag Health Select Plan, Scripps Select Plan, HealthCare Partners Select Plan\)](#)”. All of your care must be directed through your PCP or medical group.
- Any specialty care you need will be coordinated through your PCP and will generally require a referral or authorization.
- You will receive benefits only if you use the doctors, clinics and hospitals that belong to the medical group in which you are enrolled, except in the case of an emergency.

Instructions for finding a Cigna Select HMO PCP

- Go to Cigna.com, then click “Find a Doctor, Dentist or Facility”. Under “Not a Cigna Customer Yet?”, click “Plans through your employer or school”. Under “Find Providers”, enter your desired city and state into the “Search Location” field. Under “Select a Plan”, click “Pick”, then “Medical Plans”. Under HMO, select “[Southern CA Select \(St. Joseph Hoag Health Select Plan, Scripps Select Plan, HealthCare Partners Select Plan\)](#)”. Then, you'll enter either the doctor name, specialty or hospital in the “Search” field.
- Locate the PCP ID number associated with the desired physician. If you do not elect a PCP, one will be auto-assigned. For changes to your PCP during the plan year, contact Cigna directly.
- **Make sure you are searching the correct network to find the appropriate PCP ID associated to your provider.**

Medical Plans

The District offers health care benefits that give you both choice and affordability. With four medical plans, you choose how you want to manage your costs and healthcare provider relationships.

VEBA United Healthcare Performance HMO Network

- The VEBA Performance HMO plan gives you more information and flexibility in how you spend your health care dollars. The plan provides the same level of coverage as the traditional United Healthcare HMO Plans; the difference is in the distinct networks. The VEBA Performance HMO plan places United Healthcare’s full network of Participating Medical Groups and providers into three distinct sub-networks. You will select one network that fits your needs.
 - **A Network 1 Plan**
 - **A Network 2 Plan**
 - **A Network 3 Plan:** The Network 3 Plan offers a \$250 per employee/family Health Reimbursement Account (HRA). Your health reimbursement account (HRA) combines your health plan with a VEBA-funded account that helps you meet your out of pocket costs.
 - ◆ You can use your HRA funds immediately to help cover your initial expenses.
 - ◆ Eligible HRA expenses include medical expenses (similar to expenses the medical plan pays) for chiropractic, acupuncture and prescriptions.
 - ◆ You will receive a HRA debit card that can be used at your doctor’s office or for other medical benefits with a flat copay.

United Healthcare Select Plus PPO Plan

- This is a plan that does not require you to select a Primary Care Provider (PCP) from the network. A PCP is encouraged and will help you get the right care at the right time. You also have coverage if you use out-of-network providers.

Instructions for finding a United Healthcare Performance HMO PCP

- Go to welcometouhc.com/csveba.
- Under “Wondering if your doctor is in our network?” Click on “Find a Network Doctor or Hospital”.
- Select the appropriate plan(s): “CS VEBA Performance HMO Networks 1, 2 or 3”.
- Enter your zip code and click “Continue”.
- On the next page, click the X in the top right corner. Now you can search by physician name, specialty or medical group. If you do not select a PCP, one will be auto-assigned. For changes to your PCP during the plan year, contact UHC directly.

United Healthcare Online, Mobile and Phone Access

Manage your care online by registering at www.myuhc.com. Myuhc.com is the gateway to your benefits and claim information. You can view your own personalized plan information, choices for where to go for care, budgeting tools, helpful wellness tips and more.

Once you’ve registered, download the **Health4Me** mobile app, available on the **App Store** and **Google Play** for on-the-go convenience. **Health4Me** mobile app provides instant access to your family’s critical health information—anytime and anywhere. Whether you want to check the status of a claim or access your health plan ID card. **Health4Me** is your go-to resource.

You can reach customer service for all United Healthcare plans at **888-586-6365**.

Tips on Getting the Most from Your Health Benefits

1. Utilize Your Free Preventive Care Benefits to Stay Healthy

Take advantage of these important benefits now to hopefully avoid major illnesses and costs in the future.

2. Get the Right Health Care and Save Money

Choosing the right care for your medical situation will help save you money out-of-pocket:

- **Doctor's Office** visit or **Telemedicine** visit: This is a good choice for non-urgent medical issues.
- An **Urgent Care** visit is the best choice for non-life threatening medical issues that require immediate in-person care when you can't get an appointment for a Doctor's Office Visit.
- You should use the **Emergency Room** for life threatening emergencies or for other issues that require immediate, in-person medical care outside Urgent Care hours.

3. Use Generic and Over the Counter Drugs When Available

The best way to save on prescriptions is to use generic or over the counter medications as opposed to brand name drugs. When you use generic medications, you will pay the lowest copay. Generic drugs must use the same active ingredients as the brand name version of the drug. A generic drug must also meet the same quality and safety standards.

4. Order Maintenance Medications through Mail Order Prescription Drug Programs

The mail order pharmacy is a fast, easy and convenient way to save time and money on your maintenance medications. You can order additional supplies of medication at a discount. See carrier provisions for details.

Save Money on Your Health Care Expenses

When you use your Flexible Spending Account (see page 20) or to pay for eligible, unreimbursed medical, dental and vision care expenses, you reduce your taxable income and can save money on taxes.

Anthem Blue Cross Dental Net HMO

With this plan, you are required to select a General Dentist from the Dental Net network to provide your dental care; there is no coverage outside the network. If specialty care is needed, your general dentist will provide a referral. For covered procedures, you'll pay the pre-set copay fee described in your DHMO plan booklet. Please keep a copy of your plan booklet to refer to when utilizing your dental care. This will show the applicable copays that apply to all of the dental services that covered under the plan.

DeltaCare HMO

With this plan, you are required to select a General Dentist from the Dental Net network to provide your dental care; there is no coverage outside the network. If specialty care is needed, your general dentist will provide a referral. For covered procedures, you'll pay the pre-set copay fee described in your DHMO plan booklet. Please keep a copy of your plan booklet to refer to when utilizing your dental care. This will show the applicable copays that apply to all of the dental services that covered under the plan.

Delta Dental PPO Plan

This plan allows you the option to visit any licensed dentist. You will usually save more on your out-of-pocket costs when you visit a **Delta Dental PPO** dentist. The Delta Dental Premier network also provides cost-saving features and is the next best option when you can't find a PPO dentist. Non-Delta Dental (out-of-network) dentists have no fee agreements with Delta Dental, so you will usually have the highest out-of-pocket costs when you visit a non-Delta Dental dentist. You are responsible for the difference between what Delta Dental pays and the dentist's fee.
