Mr. Brett Killeen  
Principal  
Canyon Crest Academy  
5951 Village Center Loop Rd.  
San Diego, CA 92130

**RE: ANNUAL ASBESTOS NOTIFICATION  
Canyon Crest Academy**

Dear Mr. Killeen:

On October 22, 1986, the President signed into law the Asbestos Hazard Emergency Response Act, AHERA, to CFR 763, which requires that we inform employees, building occupants, or their legal guardians, and outside vendors about the results of our compliance with AHERA. This includes building inspections, re-inspections, response actions, and post-response activities, including periodic surveillance and re-inspection activities that are planned or are in progress.

During the course of the initial inspections it was found that, to the best of San Dieguito Union High School Districts knowledge, no asbestos-containing building materials were used in the construction of Canyon Crest Academy.

No asbestos abatement projects occurred at Canyon Crest Academy during the 2018/2019 school year. No asbestos abatement projects are scheduled at this school for the 2019/2020 school year.

Information may be made available to you by contacting Gordon W. Plotzke III at (760) 753-6491 ext 5525, or you may go into the Administration Office at the school site to review or obtain a copy of the Inspection Report and Management Plan. If you request a copy of the material there will be a fee of \$0.10 per page for duplication of the material. All requests must be in writing.

Gordon W. Plotzke III

Diegueno Middle School  
2150 Village Park Wy.  
Encinitas, CA 92024

**RE: ANNUAL ASBESTOS NOTIFICATION  
Diegueno Middle School**

Dear Ms. Dolnik:

On October 22, 1986, the President signed into law the Asbestos Hazard Emergency Response Act, AHERA, to CFR 763, which requires that we inform employees, building occupants, or their legal guardians, and outside vendors about the results of our compliance with AHERA. This includes building inspections, re-inspections, response actions, and post-response activities, including periodic surveillance and re-inspection activities that are planned or are in progress.

During the course of the initial inspections it was found that asbestos-containing building materials were used in the construction of Diegueno Middle School in the form of surfacing material, TSI and miscellaneous materials. The specific type of material and the location are further identified in the Inspection Report. All friable asbestos-containing building materials have been encapsulated or removed.

Removal of Asbestos Containing Construction Material occurred in Buildings G and P during the 2018/2019 school year. No asbestos abatement projects are scheduled at this school for the 2019/2020 school year.

Information may be made available to you by contacting Gordon W. Plotzke III at (760) 753-6491 ext 5525, or you may go into the Administration Office at the school site to review or obtain a copy of the Inspection Report and Management Plan.
